### DENTAL OFFICE ON WHEELS IS NOW OPERATING IN LINCOLN

Over 13,000 Rural Public School Youngsters In County Will Benefit By The Free Service Of This Unique Mobile Dental Survey Clinic By Next Year.

Next time 14-year-old Josef Kozela writes his pals back home in Reid, Austria, he'll have lots to tell them about his visit to the dentist office on wheels at his new school in St. Ann's, Ontario in Canada.

Joe will probably describe the 18-foot dental trailer which arrived at his school, St. Ann's S. S. No. 2 in Gainsboro Township Wednesday morning of last week. It was parked in the school yard all day while a big grey-haired dentist with a friendly smile examined the teeth of all 52 pupils in the little country school.

Perhaps he will tell them, as he did the dentist, that "we never had anything like this at our schools in Austria." And of course he'll tell them that the kindly dentist who said his name was Dr. Connor warned him against eating too much candy and drinking too much soda pop—and just when Joe is beginning to enjoy these things after years without them at home.

A thorough examination revealed that the young Austrian lad's teeth were "average," which somewhat surprised Dr. Connor because most children who have been denied candies and gum, the greatest causes of tooth decay, have better-than-average teeth. Joe explained.

### GRIMSBY WEATHER

Week ending at 5 a.m., Monday, October 6th, 1949:  
Highest temperature 75.0  
Lowest temperature 41.9  
Precipitation 1.77 inches  
Month of September:  
Highest temperature 94.0  
Lowest temperature 46.6  
Precipitation 3.51 inches

### A NATIVE BORN FRUIT "BELTER"

David Cloughley was born near Stony Creek in the year 1892 of Irish parentage. His father and mother, Mr. and Mrs. John Cloughley, immigrated from Northern Ireland about the year 1883. Dave went to school in Grimsby and has lived here almost all his life. He started his sheet metal and heating career with the late James A. Wray in 1908 and since then has branched out into business for himself. He is a member of the National Warm Air Heating and Air Conditioning Association. In civic service Dave has been two years with the town council and as well has served on the Trinity United Church Board. He has also been prominent in Lodge No. 7. He is a member and Past Master of Union Lodge No. 7. He has been appointed Grand Steward of Grand Chapter R.A.M. He married Inez Book Terryberry in 1914 and has a son and daughter, Reginald and Helen. Dave is a good citizen who is always interested in the welfare and advancement of the town.—Photo by Robert Alldrick.

### JAYCEES WILL HOLD HALLOWE'EN PARADE

Promise The Event Will Be The Biggest Ever—Plan To Place New Street Signs On Main Street.

Some twenty-five members of the Grimsby Junior Chamber of Commerce met in the Oak Room of the Village Inn on Monday night with Vice-President Blake Marlow presiding in the absence of President James O'Brien.

Business included a general summary of the Fall Frolic which is scheduled for the High school Auditorium, Friday, October 21st. For this classic dance of the early fall season, the Jaycees are bringing to Grimsby one of the smoother bands of the district, no other than Bruce Anthony and his Orchestra. The various clinics for the occasion are busy at work lining up what should be a big evening for the dance-minded folks of Grimsby. The Jaycees hope to erect street signs on Main Street with the proceeds of this dance.

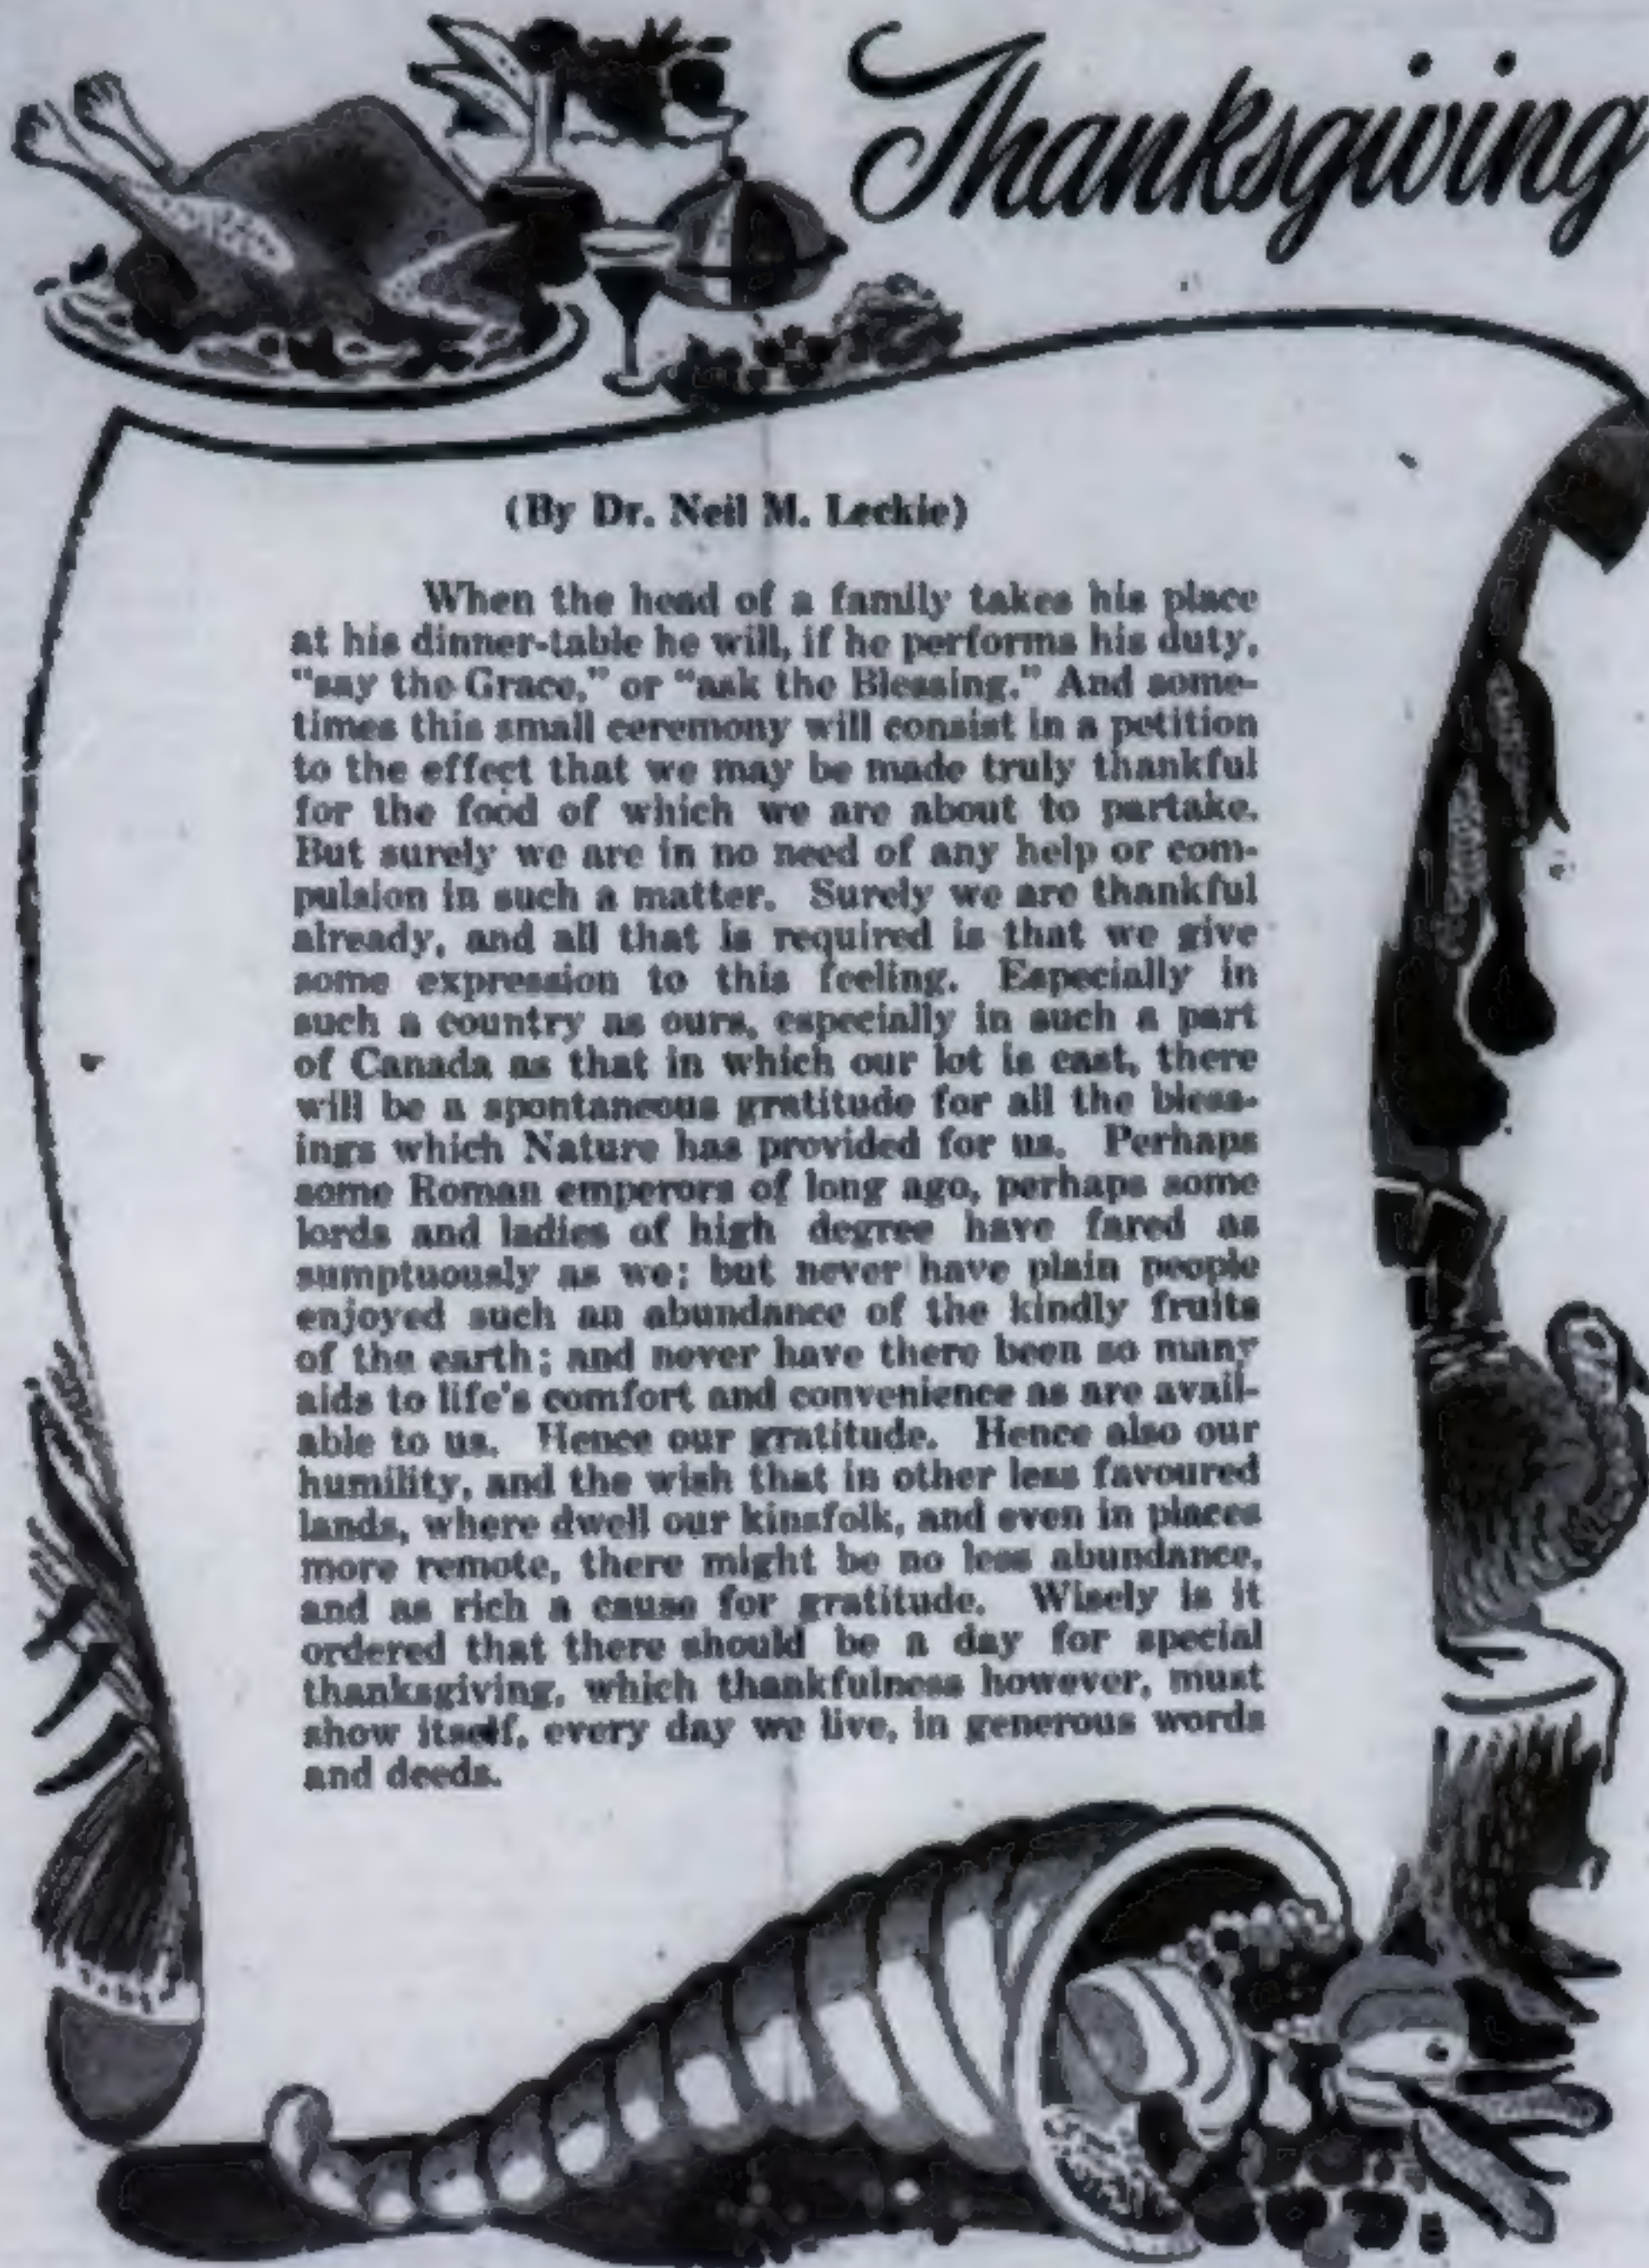

The other principal item of business was the annual Halloween Parade, traditionally a popular event with young and old. The Jaycees discussed the matter at some length, and finally voted on whether to have it.

(Continued on Page 3)

### WATER DISCOUNT CUT

Citizens received a slight shock this week when they received their water bills for the current quarter. They found that the usual discount for prompt payment had been reduced from 25 per cent to 20 per cent.

Two years ago, the Water Commission boosted the discount from 15 per cent to 25 per cent, now they have reduced it to 20 per cent. Rising costs of operation and materials has caused this move on the part of the Commission.

(By Dr. Neil M. Leckie)

When the head of a family takes his place at his dinner-table he will, if he performs his duty, "say the Grace," or "ask the Blessing." And sometimes this small ceremony will consist in a petition for the effect that we may be made truly thankful for the food of which we are about to partake. But surely we are in no need of any help or compulsion in such a matter. Surely we are thankful already, and all that is required is that we give some expression to this feeling. Especially in such a country as ours, especially in such a part of Canada as that in which our lot is cast, there will be a spontaneous gratitude for all the blessings which Nature has provided for us. Perhaps some Roman emperors of long ago, perhaps some lords and ladies of high degree have fared as sumptuously as we; but never have plain people enjoyed such an abundance of the kindly fruits of the earth; and never have there been so many aids to life's comfort and convenience as are available to us. Hence our gratitude. Hence also our humility, and the wish that in other less favoured lands, where dwell our kinsfolk, and even in places more remote, there might be no less abundance, and as rich a cause for gratitude. Wisely is it ordered that there should be a day for special thanksgiving, which thankfulness however, must show itself, every day we live, in generous words and deeds.

### BEAMSVILLE TO GET A NEW POST OFFICE

No Site Has Yet Been Chosen But \$25,000 Supplementary Grant Has Been Passed By Commons.

A new Post Office is assured for Beamsville, following an allotment of \$25,000 as a supplementary to the estimates for Ontario Public Works tabled in the House of Commons last Wednesday.

Badly in need of a new Post Office, the movement was brought up by the Beamsville Chamber of Commerce many months ago, and apparently their efforts are meeting with success. Several sites have been suggested, but as yet no site has been selected.

Although many improvements have been made to the present office since it was taken over by the department, Postmaster Chester Elmer, Jr. could certainly do a better job in a more spacious and modern building, built to conform with the ever-increasing volume of business being handled in Beamsville.

### REGIMENT HAS GREAT FIGHTING HISTORY

Lines And Wells Have Been In Every Major Military Engagement In Canadian History Since 1794.

"We've grown up with Canada," reports the historian of the Lincoln and Welland Regiment Association, which is planning the first reunion of this historic Canadian unit.

In the last war some 5,000 officers and men from all parts of Canada were associated with the "Links and Wells" and it is hoped that many of these still alive will be able to join with their comrades-in-arms at St. Catharines on October 29 and 30.

On that date, the Regiment Association will be honouring the fifth anniversary of the victory of Bergen-op-Zoom in Holland. However, the battle honours of this regiment stretch back to the Battle of Queenston Heights in 1812.

"Our fighting history, actually starts before Queenston, for Lincoln Militia men were with General Brock at Detroit," explained the historian, "and it continues right up to May 1, 1945, when we won our last engagement at Had Zwi-chensha in Germany."

There is scarcely a major military action in Canadian history in which the Regiment Association has not participated. (Continued on Page 3)

### LIONS CLUB

Over eighty members of the Grimsby Lions Club met in the Village Inn on Tuesday evening, this being the opening of the fall and winter sessions for Grimsby's largest service club, now boasting of over a hundred members.

A report of a directors' meeting held on September 20th, was read to the club, and also the names of committee chairmen were announced, these are listed as follows:

Administration—James Braid.  
Membership—James Braid.  
Attendance—B. Buckenham.  
Finance—F. Jewson.  
Publicity—W. M. Lawton.  
Bulletin—A. R. Globe.  
Programme—J. F. Glenville.  
(Continued on page 11)

### POWER RESTRICTIONS ARE BEING RESPECTED

Citizens Generally Co-Operating — Police Have Orders To Enforce The Regulations — Outdoor Signs Are Banned.

Co-operation from store owners and other commercial power consumers has been fairly good here, since the Hydro Commission re-imposed power restrictions.

There have been a few however, who have left small electric signs connected in the windows of their places of business after nine o'clock at night, and this is definitely contrary to regulations. Local officials state clearly that if these offenders continue this practice they are likely to find themselves without any power whatsoever.

Mr. D. C. Thomson of the local hydro office states that the regulations put down by the hydro must be obeyed, and if they are not, steps can and will be taken to halt the offenders of the regulations. Police have been given orders to enforce the Hydro regulations.

The power restrictions which came into effect October first require that consumers use only 10 watts of power per linear foot of window glass from 4.30 p. m. until store closing hours, or not later than 9.00 p. m. Outdoor advertising and signs are banned completely at all hours of the day and night under the ruling.

### THIS LOOKS LIKE A CANADIAN RECORD

Aggregate Years Of Police Work Of Grimsby's Three Men Force Is 70 Years — New Cop On Job.

Grimsby's new police officer, Calvin McKenzie, of Maxville, joined the force on Saturday last and immediately commenced his duties. Constable McKenzie comes to Grimsby with a record of 15 years in police work. He was Chief of Police in Maxville.

Grimsby's force is now at its full strength of three men and in this connection it is interesting to note that it is quite possible that Grimsby may be the smallest town in Canada with a police force of three men who have a record of aggregate service in police work of 70 years.

Constable Rathbone heads the list with 23 years; Chief James has 27 years and Constable McKenzie has 15 years. Quite some record.

### DISTRICT EQUIPMENT IS INTERCHANGEABLE

Grimsby, Beamsville And Hamilton Fire Fighting Equipment Is Standardized — Difficulties In East End.

A meeting of the fire chiefs of St. Catharines, Merrittton and Thorold was called recently to discuss standardization of threads and couplings of the equipment among the neighbouring departments.

The meeting arose out of a fire which gutted a store on the Merrittton-Thorold boundary line, where difficulty was experienced when the Merrittton brigade was unable to use Thorold fire hydrants directly across the street from the blaze.

Fire Marshal Ray Simmons was investigating what he termed "peculiar circumstances." St. Catharines and Merrittton equipment is interchangeable, but Thorold uses a different type of thread and coupling.

As a result of this difficulty experienced Merrittton, the Independent the trouble to investigate the scene. It is understood that Beamsville and Grimsby equipment is interchangeable, with adapters use on hydrants available all the time. Hamilton department equipment is interchangeable and may be used in Grimsby hydrants.

### BEAMSVILLE BAND HAS FINE RECORD COVERING 41 YEARS

### OPTIMIST CLUB HOLDS FIRST MEET OF YEAR

Are Already Laying Plans For Blossom Time Ball Next May — Will Publish Bulletin.

Grimsby Optimists met for their first fall meeting on Thursday night, enjoying a splendid dinner at the Old Homestead, operated by Harry Tuer, a member of the Optimist Club.

A report of a directors' meeting held recently, was given by Secretary Nick Saunders, and contained in the report was a financial report of the sale of tickets for the boat and trailer which the Optimists sold tickets on this past summer. Net profit exceeded five hundred dollars.

Bill Metcalfe, chairman of the entertainment and program committee outlined his committee's plans for the coming winter season and stated that they were attempting to form programs along lines most desired by all club members.

Other minor business details were discussed, as was the Blossom Time Ball, one of the first full-scale projects attempted by the club during its first year. It is possible that the same committee will undertake the project next spring, with the whole thing on a larger scale.

Jack Hendricks was recently named editor of the Optimist bulletin, which has been named Optimist. The bulletin will be published and forwarded to members of the club twice a month.

### CHARGE DISMISSED

A charge of dangerous driving against Charles Hyland of Beamsville was dismissed in St. Catharines court last week because of insufficient evidence. Constable Tom Maxwell of the OPP stated that tire marks showed that the accused's car had zig-zagged back and forth from the white line to the soft shoulder for 300 feet before it rolled over into the ditch. Hyland was not called to testify, although Maxwell reported him as saying that he had been sidetracked by another car whose license number he was unable to get.

"Evidence of tire marks or the condition of the vehicle is not evidence of dangerous driving," said Magistrate Hallett. The onus is on the Crown to prove criminal intent, he said.

Organized For Old Boys Re-Union In 1908 — Progress Has Been Excellent — Have Been Prize Winners In Many Competitions Including Toronto Exhibition — Many Long Service Members.

By Blenny Gale

In compiling this history, credit for information on dates, leaders of the bands, and personnel must be given to the following people and agencies, without whose help, it would have been an impossibility to write: Mr. George Konkie, Mr. Alec Parker, Mr. Adam C. Lane, Mr. Charles L. Tallman and early files of the Beamsville Express.

1908 is the first year that a Beamsville Band is remembered insofar as knowing the leader and having concrete information as to the names of at least a few of the men who played in it. It is very probable that the Village did have a band of some description at least 10 years before that time, but with no early minutes or "old-timers" to give us any information, our statements would not be facts, and the history of the band in those years would tend to be more fiction than an accurate collection of the names and dates pertaining to that era of the band's life. Therefore, we start with the year 1908 and work from there to the present time.

In that year, the late J. W. Buck and A. McAnteer headed a Citizens' Committee to revive the, then disbanded, Beamsville Band. This Committee, in many people's estimation, did more to further the band's future than any other to date. They first purchased \$2,000 worth of new instruments from (Continued on Page 3)

### STILL A MYSTERY

Magistrate H. D. Hallett apparently got tired of attempting to find out who hit Stuart McEachern, and the charge of assault against an apparently innocent person, Hugh Cole of Grimsby was dropped, and the case dismissed in court last Friday.

It would appear that McEachern actually had no idea just who is alleged to have struck him in the washroom of a Grimsby hotel. It was not Cole, said neither was it William Pearson of Grimsby Beach, who failed to bow up in on Friday, although he was summoned as a witness.

"Pearson wasn't the man who hit me," said McEachern. Apparently tired of the whole affair, Magistrate Hallett dismissed the charge against Cole.

### ORNATE DOORWAY BEING REMOVED

The ornate door frame and door in the Johnson hardware building and which was constructed in 1845 as the main entrance to the old Marlatt Tavern, is being removed in order that the hardware store can be enlarged by 100 square feet. The plate glass front will be extended west 10 feet. Owing to the Rentals Control Act restrictions Mr. Johnson is unable to take in the whole of the building for store purposes but intends to do so as soon as he can get possession of that portion of the building.

# Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## PUBLIC BUSINESS AND THE PRESS

Because an editorial of his criticized the proposal of the town council to hold a series of public-excluded committee meetings, a writer on the Cobourg Sentinel-Star was subjected to violent personal abuse by the local mayor.

Among other things the mayor suggested that the writer was unfamiliar with the Ontario Municipal Act, which under certain conditions permits holding of closed meetings. The mayor may have been right in that opinion but he showed himself woefully

wrong about the responsibilities of the press and the conducting of public business.

In this case a matter of vital public importance was to be discussed and one that concerned a substantial expenditure of public funds. At such meetings the public expects that the press will be represented and that a fair and full report will be published in the local newspapers.

When public officials attempt to conceal public business from the public there is bound to be criticism. And there should be.

## COFFEE GOES UP

The fact that coffee for Canada is paid for when bought in South America in U. S. currency, adds ten per cent to the wholesale cost. Housewives are being told to expect a higher price per pound any day now.

Coffee is regarded by many as an expensive beverage at any time. The ten per cent exchange is not solely to blame for the high price. There is a duty of two cents per

pound and an 8 per cent sales tax. The high cost of living in Canada is partly due to fiscal legislation, the budgetary demands of the government. The eight per cent sales tax applies on about everything. Consumers might be prone to find fault with their dealers when prices increase on such commodities as coffee. They should examine further, and take note of what the government exacts in the way of this universal but hidden tax.

## TAX OFFICERS WANT RECEIPTS

The Income Tax Appeal Board has made an important ruling, the effect of which is that tax officials needn't take the word of a taxpayer, even if sworn on the Bible, that he has made a contribution to a church or charity. Thus the church-goer who puts some loose change on the collection plate cannot deduct it from his income when determining his tax. He must get a receipt from the church or charity to prove he has made the gift.

This interesting decision arises from a case in which an Ontario county judge made a statutory declaration that he had paid five dollars cash on church collection plates and asked to be allowed to deduct this amount from his income tax assessment. The five dollars was over and above his regular subscription to his church for which he held receipts. In refusing the judge's request the Income Tax Appeal Board made some comments of interest to all who give to the church or charity. The Board pointed out that obviously

a taxpayer cannot obtain a receipt for loose change deposited on church collection plates, but in the absence of such receipt there is no statutory authority permitting the gift to be deductible from income tax assessment.

The author of the Board's judgment proceeded to express his skepticism about the veracity of even those who are charity-minded: "Human nature being what it is, I think it would be unwise to open the door to satutory declarations in lieu of receipts, as, with all the good intentions in the world, some taxpayers will still over-estimate their actual contributions, erring probably on the safe side, and still others would make claims to which they were not entitled at all. Thus, the vast majority of taxpayers who obtained true records would be called upon to pay more than their just share of the taxes imposed."

The moral of this appears to be that you can no longer do good by stealth if you wish to get credit from the Department of National Revenue.

## THE RICHEST GIFT

We all like to be remembered in some way or other. We give to each other little gifts, and it isn't the intrinsic value of these that make them so pleasurable and acceptable but the thought and spirit behind each one.

I recently had a birthday and a small group of my friends came to celebrate it with me. It was a happy time. Everyone presented me with something simple and useful, but it was what initiated each gift that made each so prized by me.

Thoreau once wrote that "the richest gifts we can bestow are the least marketable." How very wonderful it is that what we give to those we love would not be marketable! There are things that are not for sale in the marketplace at any price. The richest gift that any of us can bestow is something of our very selves. And that is what makes all gifts have a meaning beyond words.

## SOME OF THE GLORIES OF FARMING

My Albert Hines in The Nashville Tennessean

I am a farmer. I am the most independent chap on earth, being able to go and come when I please, and to stay a spell if I want to. I don't have to look up to anybody. I don't have to punch a time clock. I can sleep till breakfast if I want to. I can plow by sunlight or moonlight, or both, or not at all.

Mother Nature provides my every want, provided I cater to her whim and fancy. Daily I commune with her and she tells me all that I need to know.

She lulls me to sleep with the patter of raindrops and with the sighing of the wind and the chirp of the night things as they come and go outside my window. She wakes me with the rosy tints of dawn, stealing over the mountain and filtering among the treetops.

When I feel the pangs of hunger, I go to the smokehouse and cut down a ham or I drop a handful of corn on the ground and gather up a fryer, or if I am a vegetarian, I gather up the garden and garner a sackful of cabbage and beans and beets and tomatoes and corn.

I am the envy of all men, and at least 87 per cent of the women, and fully half the small fry. I don't know how lucky I am living out here among the birds and the bees and the grasshoppers, sniffing the sweet scent of the wild flowers, secure in that peace of mind which the rest of mankind seeks in vain. Unlike the politician and the statesman,

The character that a mother and father give to their children is something far better than gold or precious jewels. It's an inheritance beyond everything else. Good blood is a gift that cannot be bought in the marketplace either!

The good and unselfish deeds of others is something for each one of us to emulate and try to carry on. The world ought to get better and better all the time. People forget that the Golden Rule still stands as the greatest law in the universe. It will never grow stale or unworkable.

Those gifts that the shepherds brought to the birthplace of Christ were simple gifts, gifts from the heart—symbols of hope and good will, undying gifts—the richest of all gifts. It's the simple gifts that are wrapped in the most love and which afford the greatest happiness to the one who both gives and receives. —George Matthew Adams.

I am not harried by day and hounded by night. I can look the whole world in the face and smile that smile of superiority. My heritage is on to be proud of.

I feed the world. I clothe it. Should I go on strike, everything else would go to pot. My corn crib is more important than a bomb plant and my pig pen more essential than silver and gold. My hoe handle and plow handles bring more genuine happiness than pearls and diamonds.

I am a farmer, and there is nobody like me and I wouldn't swap places with anybody in any other ten callings I ever heard of.

P. S.: That's the way farm life is drummed up by the poets, the philosophers and the city slickers. Actually, farming is a bunch of hard work that will kill a man before his time, and leave him broke to boot, unless he learns early in life how to avoid at least 89 percent of it.

## THE THISTLE, SHAMROCK, ROSE

The Thistle, Shamrock, Rose and Twine the maple-pull leaf forever. This was one of the great songs of our childhood. It had everything. Noise. Community effort in making the noise. Patriotism. Nice prickly weeds. The Irish. Flowers. Trees, or at least a leaf, the leaf of the maple-pull. The loud yelling of this song was pleasant and satisfying because it was an offence against the cardrums that was permitted and even encouraged. We felt it was bad to yell like that when we were not allowed to yell like that at other times, so

we suspected the adults were making a mistake. We took advantage of it, expecting every moment to be told to hush up.

What pleased us most, however, was the twine. How had it got into the song? We were often puzzled about this. Weeds like the thistle, we could understand. We often thought of the Canada thistle, of course. We liked weeds. And we liked the thistle because it was good for scaring girls with by brandishing it at them or for putting down inside the sheets of uncle's bed, or at least thinking of doing it and wondering how far he would jump. The shamrock and rose were flowers: you could expect soft matter like that in a song and we tolerated it as the accepted thing poetic and noble.

Twine was different. That meant binder twine, naturally. You used it every day, in all kind of activities from mending a school bag to tying up your little sister for roasting over a camp fire. Adults used it for work in the harvest fields. Binder twine was well known. Everybody had some in his pocket or holding up his braces or for a shoe lace or to tie the neck of a bag that held such treasures as bits of coloured glass, or a door knob.

Yet binder twine getting itself into a song that was permitted to be yelled! This was an amazing matter. It suggested that the commonest things and creatures even oneself, might attain prominence with luck, noise and the inattention of adults.

We have through the years a kindred feeling for binder twine, a partisan sentiment. The thistle, shamrock, rose and binder twine, the maple-pull leaf forever. Ah, if life were so simple as that! If one could blunder along forever with such a mixed-up conception into the broad meadows of happiness.

## SOME FACTS ABOUT FREIGHT TRAINS

(Canadian National Cameo)

In the last issue of Cameo we wrote about passenger train equipment. Now we want to tell you about freight trains which each year haul an average of 12 tons for each Canadian.

Most common of freight equipment is the box car whose name is self-descriptive. It is built to carry the widest variety of goods and can be loaded with anything from a can of soup to a load of lumber. Its cost-price is \$5700 and the Canadian National Railways operates 67,998. Thus, our investment in them is \$387,558,600.

Looking like a box car, but with special interior features, are automobile cars. They are equipped with extra-wide staggered doors on each side. A special hoisting arrangement is built into the roof to permit four domestic automobiles or six smaller automobiles of the English type being loaded in each car. These cars cost the CNR \$6500 each and there are 8,118 of them representing a total of \$52,864,500.

Another car built for special shipping requirements is the flat car. It looks like an open platform on wheels. It is used to carry items whose bulk and size do not permit loading in a box car; things like tractors, threshers, other farm machinery, army tanks and structural steel work. One flat car costs \$4,750. Owning 5,077, the CNR has an investment in them of \$24,115,750.

Daily, huge quantities of perishable goods like fresh fruit, fish, meats, butter are moved about the country, and must reach their destinations in prime condition. For this specialized service, there is the refrigerator car. Outwardly, this ice-box on wheels resembles the box car but its interior is insulated and equipped with ice compartments. It also has a charcoal heater which keeps perishables at specified temperatures when being hauled through subzero areas in winter. The cost of one refrigerator car is \$16,200 and the CNR has 3481. Thus its investment in refrigerator cars is \$56,286,200.

The four types of freight car described—box, automobile, flat and refrigerator—represent a total of 80,069 cars. However, to carry on its daily job of freight service, the CNR requires 18,402 more cars of various designs. Among these are the tank cars used for shipment of oil and gasoline. The CNR operates 125 of these and they are worth \$966,600. Each car costs \$7160.

Another type of freight car is the hopper car. It has funnel-like openings in the floor which are used for dumping the car's contents at destination points. Hopper cars transport many bulk commodities, such as ore, gravel and sand, as well as coal. While most have open tops, some have roofs to provide weather protection for such shipments as cement, salt and lime, etc. Of the open top type, the CNR operates 5,811 which cost \$5750 each. There are 169 with roofs, worth \$6900 each. Thus the CNR's total investment in hopper cars is \$34,484,750.

Looking like the open top hopper car but minus the hoppers is the gondola car. It is used for carrying various kinds of bulky shipments. It can haul gravel, for example, as well as heavy machinery. Its cost-price is \$6500 and the CNR operates 7680. A total investment of \$49,920,000.

Last year the CNR shipped more than half a million tons of livestock. Transport was provided for them in 951 cattle cars. The cattle car is built withatted sides to allow ventilation. A cattle carcass \$5000 and the CNR's total cattle car investment is \$14,755,000.

To house the freight train crews, the railways have provided the familiar caboose. It is equipped with sleeping cooking, heating and washing facilities. The CNR owns 1646 cabooses which at present prices cost \$7500 each. The total investment in cabooses then is \$12,345,000.

If we add together a number of cars in each class just described and lump the costs, we find that the CNR owns 103,461 freight cars valued at \$632,264,000.

Main Street Reveries

Some thoughts about penny candy came to my mind the other day. I haven't explored the penny candy department for many years but I have some fond memories of it. I recall those yellow grains of candy corn that could be bought for one cent a small glass, a price also charged for those larger gray sea-saw-flavored tablets. I particularly favored chocolate caramels that were retailed four for a cent.

Of course, there were peppermint sticks colored like barber-poles that could be placed in the ends of lemons. My father used to think that lemonade was good for the health and was forever suggesting that my purchases be limited to that form of candy. The only difficulty was that I did not care for it much. Of course, I was able to consume it with more grace than I could horsebound drops. To this day, I can develop a bitter taste in my mouth by just thinking of horsebound drops.

These were all standard products in the days before the candy bar had won its way into its present popularity. It was the day when the penny was still a pretty big monetary unit among the small fry. Only the spendthrifts could afford to toss nickels around, except on special occasions. A nickel would buy an ice cream soda, a bag of peanuts or popcorn, even a hot dog that was not then as ubiquitous as now. A bottle of Monie could be had for a nickel, but it always tasted to me like medicine.

I remember an occasion when my cousin Ralph and I were paid one cent each by a neighbour for merely going across the street to the corner store for a quart of milk. We felt we were highly fortunate. Ralph, who was more imaginative along those lines that I, speculated on how pleasant it would be if we could be sent for milk 100 times in a day and be paid at the same rate.

The only trouble with having money in those days was that it was apt to drop out of the pockets or hands and roll onto those wooden sidewalks. Invariably the coins would disappear down the cracks. It was a great boon when those wooden sidewalks began to be replaced by concrete. Besides, wooden sidewalks were full of splinters and dangerous to the bare feet.

A scrap item from the paper the other day contained these thoughts. It reported that the Associated Press has estimated that the school children of the United States will have \$4,500,000,000 in pocket money in the coming school year.

Even at increased prices, that will mean a lot of pop, bubble gum, movies and the various other things that are the necessities of life for the young. Diverted to other purposes it could accomplish much. It would more than pay the arms aid program and would almost pay the Marshall Plan appropriation for the next aid period. It would take care of Toronto's capital improvements program for 20 years to come and more. But junior must live, and perhaps it is just as well that the bazooka split and its like has a place in our national setup.

## Wing Collars, Remember?

The Duke of Edinburgh has upset Savile Row by wearing a wing collar with a double breasted jacket, causing all the fashion experts to dig into the pedigree of the wing collar.

They talk about the venerable tradition of the wing collar and it is all nonsense. The wing collar was never planned. It was like Topsy. It just happened as a result of circumstances.

Dignified gentlemen of an older generation wore a stiff piece of linen around their necks which was known as "the white fence around the poorhouse." It was so high that it impeded the free working of their jaws and Adam's apples.

When they ate or swallowed, the upper points were forced outwards and soon encircling laundry women started to turn the corners down neatly when she was ironing instead of making the wearer force them down—and that's all there is to the ancestry of the wing collar.

It was followed by the "stand-up turn-down" collar of tremendous height which gradually receded in height in a conservative manner which resembled the plunging trend of the fountain neckline only as the movement of a glacier resembles that of a jet plane. It is hard to realize that the girls with their present necklines down around their chest corners lace, boned collars as high as the men's chokers.

It will be only a question of time before the girls' necklines and waistlines meet.

Beauty and folly are old companions.

Hope of gain lessens pain.

Be not sick too late, nor well too soon.

## THE GRIMSBY INDEPENDENT

"Lincoln County's Leading Weekly"

Established 1885

Issued every Thursday from office of publication, Main and Oak Sts., Grimsby, by LIVINGSTON and LAWSON, Publishers.

**DENTAL OFFICE**  
that during the war years in his country he had no milk at all, and not much more in the post-war years before he came to Canada with his family last January.

Josef Kozela is only one of the 13,000 rural public school youngsters in Lincoln County who will benefit by the free service of this unique mobile dental survey clinic by next year. Since the shining green dental trailer began its rural rounds about two weeks ago, almost 500 children have been examined in a total of 18 rural schools in Calverton and Gainsboro townships.

Completed early in August, it is the first of its type in Canada and is operated under the jurisdiction of the St. Catharines-Lincoln Health Unit. Dr. Ralph A. Connor of Grimsby, director of Preventive Dental Services for the unit, is in charge of the clinic, and is assisted by Mrs. Robert Merritt of Grimsby, who came to Canada from Coventry, England 18 months ago. Cost of the trailer which is completely equipped for survey work, was nearly \$2,000, and this was paid through a Federal-Provincial grant.

Service of the mobile dental clinic is confined exclusively to survey and educational work so that more children can be examined during a school year. Those requiring attention are referred to family dentists and a permanent record of the dental history of each child will be kept at the mobile dental clinic office throughout his entire public school career. The dental trailer will visit each rural public school in Lincoln County once a year, when the service is in full swing, so that each pupil in those schools is examined by the travelling dentist once a year during the eight years he is at school.

Eventually it is planned to extend the service to baby clinics where educational talks on teeth care will be given to mothers and prospective mothers. Literature on dental health will soon be distributed to teachers and public health nurses to aid in teaching that important subject in rural schools, Dr. Connor reports. He says the teachers and public health nurses have already been of inestimable value in the promotion of the survey project.

Usually the dental trailer arrives at a rural school such as St. Ann's S. S. No. 2, by 9.05 a. m., and remains in the school yard until after school hours. The trailer is parked close enough to the school to allow the long electric cord to be plugged in to the school house to operate the special dental light. Before any survey is begun, Dr. Connor gives a brief lecture on dental health, stressing the danger of eating too much candy, chewing too much gum and drinking too much pop. He advises the children to clean their teeth twice a day; to drink plenty of milk; and to visit their dentist at least once a year. Finally, he explains the purpose of his visit and helps the children to overcome their fear of the dentist.

Before the dental clinic arrives at a school, the teacher is supplied with a Public Health Dental Chart for each pupil, and on each she enters the name and address and other particulars concerning the child. After Dr. Connor talks to the children the first three youngsters to be examined go out to the clinic, taking their charts with them. While one youngster is being examined, the other two are seated in the trailer waiting their turn. When the examination is completed the child goes back into school and another comes out to wait his turn.

Quickly, but thoroughly Dr. Connor makes the examination while Mrs. Merritt records his findings on the illustrated dental chart. Before the "patient" leaves the trailer Mrs. Merritt asks a few routine questions regarding oral hygiene, making notes on the chart. Surprisingly enough, one in 10 youngsters answer "no" to the question: "Do you have a toothbrush?"

All Public Health Dental charts are filed by Mrs. Merritt so that a permanent record of each child's dental history during the eight years of his school life is available at a moment's notice. Shortly after the examination a card outlining the dental defects and suggested treatment is sent home with each pupil. The orange card indicates that the child's teeth need cleaning; the yellow card informs parents and the family dentist that the child's teeth are irregular or crooked; the blue card denotes that a deciduous (baby) tooth has been lost too soon; and the pink card tells the parents that their child has dental defects. Those lucky enough to receive the buff-coloured card need have no worries about their teeth, because this card means that no defects or irregularities were found in the examination. However, the dental officer does suggest that an X-ray be taken to reveal any hidden defects so that they may be given treatment before any real damage is done.

On the back of each card the family dentist is asked to note the type of treatment he decides to

follow plus the reaction of the parents to suggested treatment of their child's teeth. These cards are returned to the teacher who turns them over to Doctor Connor. The information contained on each card when it comes back from the family dentist is recorded on the original Public Health Dental Chart and kept on file until the next annual survey.

Asked his opinion of the new dental discovery, Fluorine for the prevention of tooth decay, Dr. Connor said it is definitely an aid in cutting down tooth decay, but is no cure-all.

"So many parents think that if their children have been given Fluorine treatment, they are permanently insured against decay and therefore need no longer visit a dentist," Dr. Connor pointed out. "Actually, this preventative cuts down tooth decay by 40 per cent, but only as long as proper care is taken of the teeth. Children who have had this treatment still need to keep their teeth clean; watch their consumption of sugar; and visit the dentist regularly," he said.

Fluorine would not be practical in a scheme such as the school dental survey, the dentist explained, because it requires five appointments of at least 30 minutes each to apply the Fluorine solution to teeth in various sections of the mouth.

"To be done well, so that it is most effective, this treatment has to be given slowly and carefully," Dr. Connor added, "otherwise, it is of little use."

Ammoniated tooth powders, which have recently appeared on the market, are also an aid to preventing decay, according to the health unit dentist, but "there is no definite proof that they will stop decay yet," he said.

Before going to another township in the County, the mobile dental survey clinic will visit five other schools in Gainsboro Township.

**JAVEES WILL HOLD**  
their or to take over the organization of the parade. Although far from unanimous, the vote went in favour of the club conducting the parade this fall.

The event will take place on Halloween night which falls this year on Monday, October 31st. Complete details will be published in succeeding issues of The Independent, but the chairman of the event urges all the children of Grimsby, and those fun-seeking adults who always contribute so much to the success of the event to get their thinking caps on, and start dreaming up those prize-winning costumes.

The Committee includes Chap Gordon, Ray Bentley, Jack Shaugnessy, Murray Nelson, Colin Dymond, Blake Marlow, Don Dixon, Morris Smith, Fred May and Gert McGregor.

**REGIMENT HAS GREAT**  
lary engagement in Canadian history since 1794 when the original Militia unit was formed, in which the "Lincs and Winks" did not play a spearhead role.

With a friendly affiliation with the Lincoln Regiment of England, the unit shares the same march-  
"The Lincolnshire Poacher." At the end of October when the Regiment reunites for a social engagement, instead of battle, the "Poacher" march will boom out as it did during the War of 1812, the Rebellion of 1837, the Fenian Raids, the Boer War, the First World War, the Second World War, and throughout the 1939-1945 conflict. The regimental motto, Non Nobis Sed Patriae, "Not For Ourselves, But For Our Country," has been well proved in the 155 year history of the unit.

Medical authorities do not advise the application of beefsteak to a black eye.

"Here we go round the mulberry tree" is correct. Mulberries do not grow on bushes.

# PONTIAC

A Product of General Motors

**The Most Beautiful Thing on Wheels!**

• Any way you look at it, there's an unmistakable stamp of distinction about the new Pontiac. It's a beauty, front and rear — it has personality all its own. You know immediately that it's a Pontiac, and something very special among automobiles.

But those who drive a Pontiac know that its performance is equally unmistakable. There's nothing quite like a Pontiac for sparkling alertness, for smooth, effortless power. And as the miles unfold, you'll appreciate Pontiac's fine-car comfort and luxury and the amazing driving convenience of GM Hydra-Matic Drive. (Optional at extra cost on all Streamliner and Chieftain models.)

And all this costs far less than you think — for Pontiac, wonderful as it is, is priced just above the very lowest. Besides the famous thrifty six, Pontiac offers the lowest-priced straight eight in Canada.

Why not come in soon? .. let us give you the whole Pontiac story!

**SAFE-NEW DRIVER VIEW!** You can really watch the miles unfold, thanks to Pontiac's new, wide windshield which is optically curved for better vision. Pillars are slimmer, the hood is lower, all windows are larger — everywhere you look Pontiac gives you a whole new driving horizon!

# LINCOLN HEALTH REPORT

## Vital Statistics

The population of the Unit area is given as 73,275. During the months there were 136 marriages reported. There were 320 live births and 74 deaths, 10 of which were infants. The chief causes of deaths of residents were: heart disease 34; cancer 9; pneumonia 3; violent and accidental 3; all other causes 11. Infant resident deaths totalled 10, all of which were due to prematurity.

## Clinics

Chest: There were 12 clinics at the St. Catharines General Hospital with a total of 189 examinations. At the beginning of July our register showed 625 cases of tuberculosis, 6 new cases were reported and 3 cases moved in. There were 2 deaths; 9 cases moved out; further follow-up not necessary 1; so that the total number of cases on the register at the end of August was 622.

Child Health: There were 49 clinics held during the months with a total attendance of 1648; registrations 354; return visits 3075.

## Medical Services

Office Work: During the month there were 120 vaccinated against smallpox; 9 doses diphtheria toxoid; 206 diphtheria toxoid with pertussis vaccine; 271 doses triple toxoid; also 249 certificates were issued. This work was done for 310 infants, 219 preschool, 285 school pupils, and 76 adults.

Child Health Clinics: 643 infants and preschool children were seen by the Medical Officers in the various clinics during the month.

Completed Immunizations: Vaccine Virus—Total 171:

115 infants, 49 preschool, 7 school pupils.

Combined Diphtheria Toxoid and Whooping Cough Vaccine—

Total 2:

2 preschool.

Diphtheria Toxoid—Total 0.

Diphtheria Toxoid, Whooping Cough Vaccine, Tetanus Toxoid—

Total 153:

110 infants, 43 preschool.

Re-inforcing or Booster Doses: Combined Toxoid and Whooping

Cough—Total 218:

176 preschool, 111 school pupils.

Diphtheria Toxoid—Total 0.

## Nursing Services

There have been two replacements on the nursing staff: Miss Agnes Napier who had previously been working in the Ottawa city schools came on duty August 1st; Miss Norma Gibbon, a health visitor from London, England, started work with us August 15th.

Miss Patricia Wittig left July 26th to be married.

Miss Betty Lenke, reporter with the St. Catharines Standard, spent some time with our nurses in clinics and homes and an excellent article was printed in the Standard on August 20th, as well as some very good pictures of the nurses at work.

Holidays for nurses were completed August 31st and during the first three days of September we held conferences on methods and procedures for our fall work.

SCHOOLS: Although there seems to have been many more cases of polio reported throughout North America this year our county has been rather fortunate as to the first of September 12 cases were reported and of these 4 cases were reported with paralysis. The procedure for polio is for the attending doctor to make the diagnosis which as a rule must include a spinal tap, then admission is sought by the doctor to the Centre in Hamilton. Because of the great number of cases the Centre refused to accept abortive cases which of course have no paralysis.

FIRST AID IN SCHOOLS: Because of the tremendous increase in the cost of first aid supplies in our schools last Spring the secretary of each Board of Education and each School Board was contacted and it was explained that first aid supplies could be bought through the Unit if they so desired, but we could not give these free as we have done in the past. A nominal cost of \$2 per room was set and many of the secretaries have now written asking us to put first aid supplies in their schools. These of course are in addition to the supplies carried by our physicians and nurses in their emergency bags.

PREVENTIVE DENTAL SERVICES: The dental trailer is now fully equipped. Dr. Ralph A. Connor is in charge of this work. Mrs. M. Merritt is doing the clerical work. As explained to your Board previously the total cost of this service comes through the Federal-Provincial Grant.

DR. J. I. JEFFS: The Provincial Government requested that Dr. Jeffs be loaned to them so that he might help out in Lennox and Addington County where the health officer has been very ill. It seemed to me that this was a good opportunity for us to repay the Province for past courtesies and it would also give Dr. Jeffs some experience in administration of the Unit. Dr. R. S. Stubbings has been loaned to us by the Government to act as clinician for the short period that Dr. Jeffs will be away.

NURSERY SCHOOLS: It has been pointed out by the Province that considerable supervision of nursery schools must be given by the Director of the Unit. It will be necessary for me to visit each nursery school in the County and make sure that the number of children enrolled is not greater than the regulations allow, that the health and medical supervision sections are carried out, and that the staff have proper x-ray or other tests as indicated. No day nursery may open unless a

## ASSURED OF PAYING CUSTOMER

Canada's current wheat crop is assured of a \$175,000,000 customer who will pay in U.S. dollars, as a result of the Anglo-American-Canadian economic talks now being held in Washington. U.S. representatives have agreed to release U.S. dollars granted to Britain under the Economic Co-operation Administration for purchase of Canadian wheat and other essential foods. This gives some assurance to Canadian farmers of the maintenance of a reasonable price floor for their products.

permit is received from the Province.

DIPLOMA OF PUBLIC HEALTH: During the summer many students who have taken the Diploma Course and who have enrolled for this Fall have taken their field work with the Unit. We have tried to give these students a good outline of the work being done by the Unit in the County.

CHILD HEALTH CLINICS: During the summer months the attendance at the child health clinics outside of St. Catharines falls off because of the number of parents who are interested in fruit farming. However, we have been very pleased this year with the attendance which was somewhat higher than last.

SCHOOLS: Considerable attention is being paid to the sanitation in the schools throughout the Unit area. Samples of the well water are being taken and sent to the laboratory for analysis and wherever the quality is questionable, information is given to the school board in regard to making this water safe for drinking. Last year we found that the janitor service could be vastly improved and that many schools were not screened. We hope that this condition will not exist this Fall. As soon as school opens the nurses look individually over every child which we call a rapid classroom inspection. Many cases of impetigo, head lice, ringworm, and scabies are found in this way. Our aim is to prevent these diseases from spreading among the school children. Some of the nurses have reported that in some schools not one case of minor communicable disease has been found.

From Page One

## BEAMSVILLE BAND

The Beam Co. in England, with which to launch the organization. Their next step was to secure a competent Bandmaster to act as the leader of the new band. The late James Zimmerman, who was a local, talented musician, was approached by the committee, and he agreed to act as the leader until the band could be put on to a sound financial basis. Of this original group under the leadership of Mr. Zimmerman, it is interesting to note that there are only three members of it still active in the present band. These three are: George Konkie, Alec Parker and Charles Tallman.

The first public performance to be put on by the band in 1905, was supplying the music for the Old Boys Reunion, which was held in the present fairgrounds. The band played on a temporary stand, that was erected especially for the occasion just south of where the new bandstand is now built. The band was twenty-five strong, but it must be admitted that, being recently-formed, and therefore not too well rehearsed, they made a pretty sad-looking crew as they tooted and thumped their way through that first concert. They had no uniforms, and readers can well imagine what a motley crew they must have been.

However, this was not to be for long. The late M. F. Rittenhouse, of Vineland, engaged a room at the Couse House one day and the band took this opportunity of serenading him on King St. This evidently impressed Mr. Rittenhouse so much that, after he left, within a few days a tailor appeared and outfitted the band with thirty new uniforms at the expense of Mr. Rittenhouse. In the future, Mr. Rittenhouse became a sort of "Father" to the band. To show their gratitude for this magnificent gesture, the band asked him if there was anything they could do for him, and upon his request they played annually at a bandshell, built by him, in Victoria Park, at Vineland. They gave concerts in June, July and August of each year for the following six or seven summers. Mr. Rittenhouse gave the band a cheque, annually, for \$100 until his death, and the band has never forgotten his generosity and support, which was so freely given.

Thus with new uniforms, (they had none before this time), and good instruments, the band presented a smart appearance when they turned out for civic affairs and community celebrations. They became a credit to the Village of Beamsville for, good-looking as they were, they brought recognition from all over the Peninsula.

Then in 1912, there came a change from their usual weekly practices and the summer concerts. Lieutenant Arthur Starnes of the 2nd Dragoons in Hamilton used his influence to have the Beamsville Band invited to the Hamilton Armistice to play. The Commanding Officer, Colonel Fraser, was very much impressed by the well-turned-out band, and he secured their appointment as the 2nd Dragoons Regimental Band. This was certainly an honour for a band which had only been formed a matter of four years ago, and the Beamsville boys appreciated it. A particularly interesting point should be mentioned at this time, and that is the fact that when they secured this appointment, the Beamsville Band became the only mounted band in Canada, which certainly is something worth remembering.

As the Dragoon's Regimental Band, they were privileged to go to the summer camp at Petawawa in the summer of 1912. This was quite a big thing for the boys, and the most pressing necessity was for horses. These had to be begged, borrowed, or stolen in some fashion from surrounding farmers, and though a chummy-looking lot, they were at least horses. Some difficulty was probably encountered by riding those unused to a man being on their backs, but they, in time, "resigned themselves to the occasion" in the words of "Pete" Tallman.

The band went to Petawawa just once, for war was threatening, and all the Canadian Militia was even then preparing to do battle with the Germans in the near future. When it did come, it was a struggle to keep the band together, for some of the boys joined up, while others, for the time being, turned to the more important work of winning a war. However, even with their ranks depleted, the band managed to play their concert and the required number of annual affairs of the community, and after the Armistice was signed, they enjoyed many years of successful playing. In the years from 1917 to 1927 there must have been great interest shown in the band, for in the near future they were to become a really good organization.

Evidence of this fact is shown in the year 1927, for it was then that the band began to make a name for itself.

ured bands from all over Canada and it must have been very tough for a group of musicians who have never competed publicly before, to go in and do as well as the records indicate they did. This contest had been started about four years previous to 1927, and so it must be remembered that they were playing against groups who had

expected before, and knew pretty well what the judges liked in the manner of phrasing the music and general conduct. Four prizes were given each year and the Beamsville Band was never out of the money. On several occasions they took third and second prize money, and in the year 1935 the judges awarded them the C. G. Conn Trophy as the best band in their class. This was quite an honour for the band as it is fairly certain that celebrants that night were to say the least, jubilant.

This came the second world war, and the band participated in many BonDrives and fund-raising campaigns which helped in the local war effort to a great extent. They went to both V-E and V-J day celebrations and serenaded this Town of Grimsby on the night of Victory in Europe until well past the hour of midnight. After the war, the band entered competition again at Toronto, but in 1947 and 1948 they took only fourth prize. This is understandable, because the war had taken many members from the band; coupled with this fact was the lack of rehearsal due to the war. Then, in August of 1949, under the leadership of William Kiddell of St. Catharines, the band took third out of seven bands, after working only two and a half weeks with the new leader.

In the years gone by, Beamsville Band has had many leaders and a mention of these is a must in the writing of the history of the organization. The first leader, Mr. Jas Zimmerman, was replaced shortly after 1908 by Lieutenant Starnes, of Hamilton. Harry Starnes, a brother of Arthur was next, and he also was the leader of the 2nd Highlanders Band at that time. He played for a short time and then came John Holden, of St. Catharines. Three other Hamilton men then held the reins of the band for a short time. These were, respectively: Charles Wanklin, Arthur Darrow and Thomas Andrews. One of the better-known leaders the band had in the years just previous to the war, and those just after entering it, was Mr. Fred Timms, formerly of Beamsville and now residing in Niagara Falls. Mr. Timms was also the Director of Music for the Public and High Schools. It might be mentioned that, while acting in this capacity, Mr. Timms led many fine choirs and glee clubs in this district, that brought back much favourable publicity to the community. Other leaders of the band at some time or other were Dave Neiligan, who took the band to Toronto on three different occasions; Gerald Marks, who also took the band to Toronto three times, and Harold Cummings of Hamilton. Joe Lomas, also of Hamilton led the band when they captured the Conn Trophy in 1935. Robert Edmunds, of Grimsby, Harold Rowbottom, Toronto, and W. L. Baxter, of Port Erie all led the band at one time also. In 1941 or 1942, Mr. Forsythson, formerly a Junior Band in Beamsville, and some of the members of that group have since graduated to the Senior Band, although the Junior Band is now not operating.

The last leader before the present Mr. Kiddell, was Charles L. Tallman. "Pete" as he is affectionately called, is probably without a doubt the most well-known of all of them to the people of this district. As we mentioned before, Pete was one of the old originals who grew up with the band, and he has in all likelihood, done more for the band, insofar as organizing it and keeping it together than any other leader. Pete has accompanied the band to Toronto for every contest they played there, and he led the band for many years prior to moving to St. Catharines. He is still an active member in the band and comes up every Thursday night to rehearsals.

The band now has its headquarters in the new Fire Hall, and it is here that every Thursday night they gather to practice. They did not, however, always have such a convenient practice room. For quite some time they rehearsed in the old Town Hall, then the Oddfellows Lodge and over the present Beamsville Dairy. They used the Kitchennette of the High School until the new Fire Hall was built, and it was only through considerable effort on the part of some of the members, that they now enjoy the location.

Through its long history, the Band has struggled, in many cases, for its very existence, and it owes the present prominent place it holds in our community to the courage and foresight of those hard-working members and leaders of yesterday, who spent tireless hours of practice, time and patience for the good of the community, with little or no financial recognition from the Village.

Gradually, however, the people in our section of the County are realizing the benefit of such an organization as the Beamsville Band, and in recent months, the Village Council, the Chamber of Commerce and the Clinton and Leith Agricultural Society have all given reasonable amounts to the band for the purchase of music, uniforms, a more important, for the completion of the new Bandstand at the fairgrounds.

If the band is given continued support by these groups and also by local citizens of the community it can do much to improve on the already fine record it has left behind it in former years.

## Social Events — Personals — Organizations — Club Activities

Dr. and Mrs. Leckie are visiting with their daughter in Ithaca, N. Y., this week.

Dr. McLaren of Boston, Mass., was the guest of Dr. and Mrs. Neil M. Leckie, last week.

Dr. and Mrs. McIntyre and family are spending the week end at Cedar Grove Lodge, Huntsville.

Mr. and Mrs. Jack Davis and young daughters, Elizabeth and Marilyn, of Hamilton, Bermuda, visited with Mrs. John Page recently.

The host of friends of B. W. "Red" Graham, who was operated upon in St. Joseph's hospital 10 days ago will be pleased to know that he is making satisfactory progress to recovery. He is now resting comfortably at his home.

Mr. and Mrs. Don McGregor, Billy and Douglas, spent the week-end in Goderich and St. Mary's.

Joseph Chibere, a former Grimsby resident and a town councillor, now a resident of Kincardine, where he is also a member of council was a visitor in town on Monday.

The Ladies Auxiliary of Canadian Legion West Lincoln Branch No 127, will meet at the Legion Club on Wednesday, October 12th, at 8:00 p. m.

Miss Wills Pettit, R. N., and Miss Alice Neale, R. N., formerly on the staff at Hamilton General Hospital, left on Friday to take up duties at the Memorial Hospital, Winchester, Virginia.

### BIRTHS

**GIBSON**—To Mr. and Mrs. W. G. Gibson at Vineland, Saturday, October 1st, a son, a brother for Larry. Mother and baby well.

**TANTON**—Mr. and Mrs. Albert Tanton (formerly Florence Law, son) are happy to announce the arrival of their daughter at Toronto on Sept. 29th, 1949.

### Surprise Party

A pleasant surprise party was given to Mr. and Mrs. Lester Larsen on their 25th wedding anniversary by their daughter Betty. Many beautiful gifts were given them.

A number of friends gathered to wish them many more happy years together. The evening was spent in games and songs of years gone by.

### GREEN TREES GUESTS

Recent guests at "Green Trees" were: Miss J. Duern and Miss W. Smith, Toronto; Misses Lillian, Mabel and Lottie Anderson, Toronto; Mr. and Mrs. Nelson McKee, and Mr. and Mrs. Walter Jackson, Sharon, Pa.

Miss Edith Hecker and Miss Mildred Formanek of Cleveland, Ohio; Mr. and Mrs. Carl W. Beck of Cleveland, Ohio; Mrs. Effie Lytle, Mrs. K. Biedden, New Orleans, La.; Mr. and Mrs. Carl Swierzin, Jr., Cleveland, Ohio; Mrs. J. W. Rickaby, Toronto; Mr. G. M. Mulholland, Toronto; Mr. and Mrs. H. J. Kemp, Toronto; Mr. and Mrs. P. R. Greer, Philadelphia, Pa.

### TRINITY W.A.

The October meeting of the Trinity Women's Association met in the Baptist Church Hall on Tuesday October 4th, with Mrs. H. Harper presiding. After the theme song was read and a thanksgiving hymn sung, Mrs. A. E. Blair led in prayer.

Miss Margaret Allan read the Scripture lesson. Her topic was, "Reverence for Sacred places and things." The Secretary's report followed and was adopted. It was decided to send a cheque for \$25.00 to the United Nations Appeal for children.

Mrs. J. H. Taylor reported on the Bake Sale held at Miss Margaret Allan's in June; and Mrs. Garland told of the afternoon tea at the same time. An invitation from the Hamilton Presbyterian Women's Association at Westdale United Church, October 27th, was accepted with many ladies planning to attend. The treasurer, Mrs. E. L. Stonehouse gave a pleasing report. Mrs. Wilkins and Mrs. Harper were appointed to act on the committee for furnishing the new building. Mrs. Theal told of a Rummage Sale to be held in the Masonic Hall on November 5th, and asked for donations. Parcels may be left at Dymond's Drug Store or Theal's Grocery Store. Mrs. J. Theal, Mrs. L. Dymond, Mrs. N. Penfold and Mrs. Montgomery served refreshments at the close of the meeting.

X before the license number of an airplane denotes that the plane is licensed for experimental purposes.

### Nuptials

TRAVIS — JOHNSON

At the United Church Parsonage in Chatham, on September 24th, the marriage took place very quietly of Doris, only daughter of Mr. and Mrs. Bertie Johnson, of Fletcher, Ont., to Gordon Clarence youngest son of Mr. and Mrs. Clarence Travis, of Grimsby. Rev. Colling officiated.

After the ceremony the couple left on a short honeymoon trip to Northern Ontario, Toronto and Grimsby. The bride wore a navy blue suit with pink accessories for travelling. On their return they will reside in Chatham.

McDONALD — BYFORD

A marriage of unusual interest was solemnized in the Baptist Church on Friday afternoon, Sept. 30th, when Bernice Ethel, daughter of Mr. and Mrs. W. L. Byford, became the bride of Ralph Colin James McDonald, also of Grimsby.

The ceremony was performed by Rev. Theo. Richards, of Hanover, a former minister of the church, assisted by Rev. G. A. McLennan. Given in marriage by her father, the bride wore a fitted gown, of white satin and lace, having a train over which her long embroidered veil fell from a coronet headpiece of sequins. She carried a bouquet of yellow Poinsettia roses and Bouvardia.

Miss Joyce Byford, sister of the bride, as maid of honour, wore a gown of yellow tulle taffeta, with matching picture hat and mittens, and carrying a cascade bouquet of yellow and orchid chrysanthemums. Miss Alta Bullock of Dryden, and Miss Irene Weninger of Grimsby, bridesmaids, were gowned in orchid tulle taffeta, with matching picture hats and mittens, and carried yellow and orchid chrysanthemums.

Mr. Ralph Hughes, of Gravenhurst was best man and the ushers were Mr. Gordon Augstred of Clarkson and Mr. Blake Marlow of Grimsby. The wedding music was played by Miss Greta Orniston, who accompanied Miss Margaret Fletcher, of Exeter, soloist, who sang "The Lord's Prayer" just before the ceremony. During the signing of the register, Mrs. Fletcher sang "Because."

An interesting and unusual feature of the occasion was that the ceremony was performed on the 53th anniversary of the marriage of the bride's parents in the same church and by the same minister, Rev. T. Richards who was the minister of the Grimsby Baptist Church at that time.

At the reception held immediately after the ceremony in the church hall, the bride's mother received in a gown of French blue tulle taffeta, with navy accessories and corsage of Virginia carnations. Assisting was the groom's mother, Mrs. Chas. McDonald of North Bay, becomingly gowned in grey with matching hat and corsage of off-white gladioli.

During the wedding feast, after the toast to the bride had been proposed by Rev. G. A. McLennan, a toast to the bride's parents was proposed by Rev. Theo. Richards, and Mrs. Byford, the bride of twenty-five years ago, was presented with a beautiful bouquet of twenty-five American Beauty roses by her family.

The bride and groom are spending the honeymoon in the North Bay district, the bride wearing going away, a grey gabardine suit with navy accessories and corsage of Better Time roses. After the honeymoon Mr. and Mrs. McDonald will reside in Grimsby.

### COMING EVENTS

**BIBLE SOCIETY WEEK**—Beginning Sunday, October 23rd, with Interdenominational Service in Trinity United Church, 7:30 p.m.

The Ladies' Aid of St. John's Presbyterian Church will hold their first fall meeting in the church rooms on Thursday, October 6th at 8:00 p. m. Plans for the fall must be discussed and all money bags turned in at this meeting.

### IN MEMORIAM

**BOOK**—In loving memory of our Dear Mother, Marjorie Book, passed away one year ago, October 3rd, 1948. There is a road we call remembrance, Where thoughts and wishes meet, We take that road in thought today To the loved one we cannot greet. —Always remembered Son Marvin, and Pearl Southward and grandchildren.

### HOMEMAKER'S CORNER

by Evelyn Budge

I have heard some homemakers say lately that they are having difficulty in getting variety in vegetables so this week I thought I would chat with you about ways of dressing up the common ordinary vegetables. I shouldn't call them ordinary as they are so valuable in the diet. They act as blood regulators, furnish iron, supply vitamins for growth and health, aid in eliminating poisons, help to build muscle, and supply fuel to the body. Here are some recipes which are just a little different from serving them plain.

#### Vegetable Puffs

Vegetable Puffs are mashed vegetables into which one or two beaten egg whites have been mixed, and the mixture then baked for 15 to 20 minutes in a moderate oven. Grated cheese may be sprinkled over a potato puff before it is baked. White potatoes, winter squash, leftover peas and parsnips all make good puffs. Before making puffs, whatever vegetable you use, heat the leftover vegetable in top of double boiler to prevent lumpiness.

#### Hot Vegetable Pie

Stuffed baked potato, green beans, grilled tomato and Corn Fritters.

#### Stuffed Baked Potato

Select medium sized potatoes, scrub and bake. Remove piece of skin from side of potato. Scoop out the inside, being careful not to break the shell. Mash very thoroughly. Add butter, salt and milk and beat well. Pile the mixture back in the shells. Do not smooth down the tops. Stand the filled shells in a shallow pan. Return to oven and brown lightly. Temperature 400 degrees.

If you are serving stuffed baked potato to children it is interesting to make them into Potato Boats by cutting sails out of white paper and fasten to the potatoes with toothpicks.

#### Corn Fritters

3 cups canned corn, 1 tsp. salt, one-eighth tsp. pepper, 1 egg, 1 tsp. melted fat, 1/4 cup milk, 2 cups flour, 2 tsp. baking powder. Chop corn fine, add salt, pepper, well-beaten egg, fat, milk, flour, and baking powder. Fry 2 to 3 minutes in deep fat.

#### Tomato Kebab

Melt 2 tbsp. fat in frying pan, add 1/4 cup chopped celery, 1/4 green pepper, 1 onion chopped. Cook a few minutes stirring often. Sprinkle on this 2 tbsp. flour, and pour in 1 pint canned tomatoes, add 1/4 pound grated cheese, salt, and cook over low heat, stirring often until mixture thickens and cheese melts. Pour some of the hot mixture into 2 well beaten eggs and pour back. Continue cooking till creamy. Serve on toast or crackers.

#### Navy or Lima Beans with Tomato and Onion

Soak beans overnight in cold water. Drain, add fresh water and boil till cooked. When partially cooked add 1 onion chopped. When cooked add some stewed tomatoes to the beans and onion, and you will find this a bit different from the ordinary boiled beans.

**Scalloped Tomatoes and Peas** 1 can or jar of tomatoes, 1 can drained peas, 1 onion, 1/4 cup bread crumbs, 2 tsp. butter, salt and

### WINONA NUPTIALS

Mr. and Mrs. Lyle Swick, seen after their wedding in Calvary United Church, Hamilton, on September 19. The bride was Helen, daughter of Mr. and Mrs. Philip Krick. Mr. and Mrs. A. A. Swick, Winona, are the groom's parents.

pepper, grated cheese. Mix tomatoes, peas and bread crumbs. Add butter, salt and pepper to taste. Add finely chopped onion. Place in greased baking dish and sprinkle cheese and bread crumbs on top, also a few dabs of butter. Bake in moderate oven about 30 minutes, or until brown. Carrots and celery diced and cooked together and mixed in a Cream Sauce make a delicious combination.

**Cabbage and Tomato Scallop** 8 cups finely chopped cabbage, 1 1/2 cups canned tomatoes, 1 cup grated cheese, 1 cup bread crumbs, salt and pepper, 1 tsp. butter. Arrange in casserole and bake in a slow oven 325 degrees.

**Glassed Beets** 1 can or jar boiled diced beets. Dressing—1 small cup white sugar, 2 tbsp. flour, Mix with 1/4 cup water, 1/4 cup vinegar. Add 1 tsp. butter. Boil five minutes. Add salt and pepper.

I shall close with a few helpful hints. To clean a kettle, fill it with potato parings and then boil fast until clean. To clean enameled saucepans never use soda as it causes them to peel and crack. Scour with salt or bathbrick on a damp cloth.

Instead of using cream for thinning Salad Dressing, substitute the juice from canned beets. A lovely rose pink shade and a delightfully different flavour is the result. Halley's comet will re-appear in 1985.

**VELVET PET-SET DRESSES**

By PRUNELLA WOOD

It is nice to know for a fact that the velvet party costume which Little Lord Fauntleroy was cursed with during his childhood has eventually got to home base . . . in completely feminine version for little girls headed for birthday cake or dancing lesson.

Here are two rayon velveteen models, sized from Three to six, the one at the left with a lace bertha collar, the other jumper style over a lace guimpe. Both have self-cord sash and each may be had inexpensively in red, wine, violet or blue.—Du Pont Melovel.

### SOCIAL NEWS

The Athletic Club sponsored its first dance of the year last Friday evening. The latest music, decorations, variety dances, cakes and chocolate bars were responsible for the good time had by all. Since they were so completely successful in their first attempt, we hope the club will continue to hold such dances in the G. H. S. auditorium.

**Miss Lois Greening**  
Grimsby High School's need for a lower school history, and girls' P. T. teacher, this term, was answered by Miss Lois Greening, a resident of London, Ontario, and a B. A. graduate of Western University Miss Greening was born in London, and has travelled extensively in Ontario and the U. S. A. After graduating from her General Science and P. T. course at Western she enrolled in the Ontario College of Education. On completion of her work at O. C. E., she accepted the position at G. H. S.

Her hobbies are music and summer sports. While attending O. C. E., Miss Greening took solo parts in several operettas, and the Oratorio, "Creation" by Haydn. We hope Grimsby will have the opportunity of hearing Miss Greening in the near future, and that her stay in this town will be an enjoyable one.

### STUDENT PERSONALITY OF THE WEEK

Our personality for this week is

Ladies' Auxiliary, West Lincoln Memorial Hospital

### RUMMAGE SALE

Saturday, Oct. 22nd

at  
GRIMSBY FURNITURE CO.  
formerly Dominion Store.  
PHONE 218-W or 124.

eighteen-year-old Gilbert Evans, from fourth form. He was born in Peterborough, and has lived in Quebec, St. Catharines and Lindsay before coming to Grimsby. He is about 5 feet 8 inches tall, (we just guessed), with wavy black hair and a charming smile. As to his ambitions, he hasn't made up his mind. His favourite subject is geometry and his favourite sport is basketball. When we ventured a question about his opinion of G. H. S., he said that he had not been here long enough to find out much about it. We might have known his favourite food was "anything." It usually is, with boys.

### GENERAL NEWS

We feel that we should tell you a little about the additional property, at the rear of the school grounds, which was purchased by the School Board for agricultural purposes. As a creek separated the two pieces of land, the one bought and a ramp, and bridge, for a roadway, were built to join them. About 50 loads of dirt were purchased from Mr. Ed Farrell, and then, through his generosity, an additional 100 hundred loads were dumped in. As a result of the work done there we now have not only an agricultural plot, but also an additional 40 feet of playing ground.

### SPORTS

There was a large turnout of pupils at the annual Field Day, with a large number of entrants in each event. The champions were: Girls—for the seniors, Ruth Clark; for the inter-mediate, Dorcas Johnson; and Patsy Henley for the juniors; boys, senior, Jack Scott; intermediate, George Kapusety; juniors, Tom Aman.

The junior team of G. H. S. won the game against Ridley by 7 to 1, last Fri. A touchdown was made by John Juras. Two rouges scored the final points. Outstanding plays for the Grimsby team were performed by John Juras.

### CLUB NEWS

On Tuesday, September 27th, a very informative paper on Trieste and the crowded conditions of the railroads in Europe, nowadays, was given by Pat Harrison at the second meeting of the History Club. Mrs. Johnson gave the members an explanation of pound devaluation, and its effects on Britain and Canada.

At its last meeting the Athletic Club elected its executive as follows: John Millyard, president; Jack Scott, vice-president; Philip Pogacher, secretary; John Juras, treasurer; Peter Phelps, advertising campaigner.

Pictures can be taken of mirrors.

### GOINGS — COMINGS — DOINGS

## Grimsby Beach

MISS MAY CRITTENDEN,  
Resident Staff Correspondent.

Telephone Your News Items To Her.

Mrs. C. Rhodes spent the week-end in Toronto visiting relatives.

Mr. and Mrs. A. Horne, who have spent the summer at the Beach, have moved to Peterboro.

The meeting of the Women's Institute will be held at the home of Mrs. W. H. Betta, Oct. 13th at 2.30.

Mrs. Ruby Haley, Miss Dorothy Haley, and Mrs. Gloria Falls have moved from the Beach to make their home in Toronto.

Mr. and Mrs. A. L. Greenwood, Central Ave., have returned home from a two week visit to Steenburg, Bancroft and Belleville.

Mr. and Mrs. E. C. Roberts have returned to their home in Toronto and have rented their cottage to Mr. and Mrs. M. E. Morden.

Mrs. W. E. Nicholas and Mrs. Victor Suggitt of Toronto, spent a few days last week with their sister, Mrs. C. W. Riches, Park Road.

Miss Verna Elley, Central Ave., has returned home after spending the past two weeks with friends at Belleville and Bass Lake, Steenburg.

### BEACH WOLF CUBS

With outdoor games, leap-frogging, hopping and somersaulting, the Cubes of the Grimsby Beach Wolf Cub Pack took advantage of the bright autumn sun on Friday afternoon. Then into the den they trooped, where Akela conducted the

happy ceremony of investing a new Cub, Bob Overholt. Welcome, Bob! After the Sixers and Seconders were presented with the stripes that signify their positions of responsibility in the pack, the new cub had a session of "howl" practice. Two 2nd Star tests were passed—Donald Cosby and Free Lee getting their "Exercises."

Then the Cubs gathered around Akela for the story, which was afterward acted out by the Red Six to the huge delight and enthusiastic applause of the pack. Plans were made for a hike before the meeting was ended.

Good hunting, Cubs!

### CARD OF THANKS

Mrs. M. H. John wishes to thank her neighbours and other friends for their kindness shown to her during her stay in the Hamilton General Hospital.

### COMING EVENT

**I.O.D.E. RUMMAGE SALE** in Masonic Hall on Saturday morning, October 8th. Members please have donations in either Friday night or Saturday morning. Car will be available Saturday morning to pick up articles. Call Mrs. S. Burgess, convenor, phone 199, or Mrs. E. A. Buckenham, Regent, phone 486-J.

### VINEMOUNT NEWS

Anniversary services were held in the Tapscott United church on Sunday, September 25th, with services at 11 a.m. and 7.30 p.m. The guest preacher for both services was the Rev. Mr. Gravenor, minister of Grace United Church, Smithville. Miss Phyllis Fowler was the soloist at the morning service and the Stoney Creek male quartette in the evening.

More states in the United States have names originated from Indian words than from any other language.

### BOY SCOUTS

Jon Hand was made a member of the 1st Grimsby Troop and placed in the Wolf Patrol by P.L. Don McRae.

John Gillespie and Peter Bromley passed their compass test and Kim's Game was completed by Eric M a c k, Robert Johnson and Don

Hoberts. The Beaver Patrol gained a lead in the Patrol competition with a fine turnout in full uniform. Don Savage was welcomed as a visitor to the troop.

Monday, October 10th, meeting will be held under the leadership of the Patrol Leaders. See your P.L. for instructions on time and place.

Decorated baskets are to be brought to the High School on Friday, October 14th, at 7.00 o'clock, for Apple Day judging.

### PLAYERS' GUILD ALL SET FOR SEASON

The Players' Guild have commenced their season's activities with a general re-organization and have advanced an interesting programme of work. One of their new functions is the "Workshop," this includes the librarian, stagecraft shop, costumier and play reading, the latter includes workshop presentations for members only.

The general administration is as usual but the house or front of the curtain work is in the hands of the Business Manager who coordinates the house, publicity, membership and box office. The stage presentation is under the general coordination of the Director of Productions with Directors, Stage Manager and crew, and Wardrobe Mistress.

The first presentation will be "The Late Christopher Bean", a comedy by Sidney Howard. The New York "American" referred to this play as "A genuinely witty, bitingly absurd play, building up to better fun each instant of each act." The casting is almost complete and the "workshop" has started on the set.

The Guild has entered the Western Ontario Drama League, and rehearsals of the entry have already started.

Membership in the Guild may be obtained from any member or from Miss Cullingford in the office of A. Hewson & Son. Membership admits to all public and private performances and other activities of the Guild.

### WOLF CUB PACK

Jimmy Game and Bryan Zimmerman were invested as Wolf Cubs and placed in the circle about the Totem Pole by Sixers Grant McIntosh and Hugh Swayne. These two Sixers along with Jerry Blaine and Harley Harrison received their Sixers stripes.

Mowgli took A Pack out on a sealed order hike with the Green Six being the first to return with their mission completed.

During their absence B Pack were busy with their first star tests and a number of cubs passed their somersault and leap frog tests.

A Pack are going to meet on Thursday evenings for the next few weeks as a number of them need to pass their second star tests before going up to the troop.

The baskets that Wolf Cubs are decorating are to be brought to the meeting on Friday, October 14th, to be judged for Apple Day prizes.

Henry VIII had six wives.

### OBITUARY

**Mrs. Thomas Chadwick**  
Mrs. Thomas W. Chadwick, the former Elizabeth Jane Konkle, died on Thursday in Hamilton, following a long illness.

In her 84th year, she had resided in Beamsville and district all her life. She was a member of St. Andrew's Presbyterian Church and in her younger days was an active member of the Missionary Society and the Ladies' Aid. Her husband, Thomas W. Chadwick, died some 18 years ago.

Surviving are one daughter, Mrs. Walter West, of Grimsby; one son, Robert Chadwick, of Clinton Township; and three brothers, George, of Clinton Township, and Alex and James Konkle, both of Beamsville.

Services were held Saturday at the J. W. Buck and Son Funeral Home, Beamsville, with interment in Mountain Cemetery, Clinton Township.

Have beauty secrets...

The secret of beautiful hair is the simple trick of remembering to use a creme rinse after your shampoo and certainly after your home permanent. It lends a fascinating silky softness to hair, makes it far easier to manage, and helps eliminate scalp odors. If your hair is inclined to be dry or is baby fine, you'll discover that a creme rinse will give it body and new life! A teaspoonful added to a cup of water is all that is needed. Pour it over your head — wait a half minute — then rinse.

FOR COVERAGE OF NEWS, SUBSCRIPTIONS AND JOB PRINTING

The shower was brought to a close with a pretty speech from the guest-of-honour, who told the group that she had spent her life among them as friends, and would remember Wilcox, and ended by inviting all seventy to visit her in Kenton, Ohio.

That the real thing done upon arrival in Canada by the devout Netherlands is to go to the nearest church, known to all Cadians who be these new neighbours near em. Until now the Dutch in this community have been spreading though the churches in the distressed though understanding thingless-spoken service was impossible for most. Services in the l are sometimes in Dutch, sometimes in English, and while there is a natural desire on the part of the ver citizens to hear them in the native tongue, older residents fessat it would

Taking guests to the table were Mrs. Fred Smith and Mrs. R. Hart, while tea was poured

## A black and white photograph of a Chevrolet truck, likely a 1930s model, driving on a road. The truck is heavily loaded with large sacks, possibly cement or grain, which are piled high in the bed. The truck is angled towards the right, and its front features a prominent grille and headlights. The driver is visible through the windshield. The background is a simple, light-colored sky.

When the truck must fit a wide variety of jobs and loads, many Canadian owners bank on the Ford F-650 Express, with its big, 62 cu. ft. body, and 1-ton capacity.

Canada's top "buy" is the famous Ford F-150 2-ton chassis... when comes to loading flexibility. Choice of 134, 158 and 176-inch wheelbases adaptable to practically all body styles.

If your job strains the ordinary truck, make this your buying guide: More Canadians use the Ford F-150 L-Series than any other make of heavy-duty truck.

## JACK SCOTT GRAND CHAMPION OF HIGH SCHOOL FIELD DAY

The weatherman was kind to the students of G.H.S. last Friday, as the staff worked hard in completing the annual field day competitions. Six champs were named at the conclusion of the events, they are:

Senior boys—Jack Scott.  
Intermediate boys—George Kapusty.  
Junior boys—Tom Aman.  
Senior girls—Ruth Clark.  
Intermediate girls—Doreen Johnson.  
Junior girls—Patsy Henley.

The results of the many events are as follows:

**Senior Boys**  
100 yard dash—Jack Scott, Norton Smith, Philip Fogacher; 220 yard dash—Jack Scott, Norton Smith, Philip Fogacher; high jump—Jack Scott, Leslie Walters, Philip Fogacher; running broad jump—Jack Scott, Jim Nelles, Norton Smith; hop, step and jump—Jack Scott, Jim Nelles, Philip Fogacher; shot put—Jack Scott, Philip Fogacher, Gilbert Evans; rugby ball throw—Jack Scott, Philip Fogacher, Norton Smith.

**Intermediate Boys**  
100 yard dash—George Kapusty, Buster Verner, Leslie Lowinger; 220 yard dash—George Kapusty, Buster Verner, Leslie Lowinger; 440 yard dash—George Kapusty, Eugene Brotsel, Len Christie; 880 yards—Eugene Brotsel, Len Christie, Leslie Lowinger; one mile—Buster Verner, John Butkovich, Eugene Brotsel; high jump—Peter Wade, Howard Walters, George Kapusty; running broad jump—George Kapusty, Norman Rushak, Howard Walters; pole vault—George Kapusty; shot put—George Kapusty, W. Patrousky, Henry Outhman; rugby ball throw—James Lawson, George Kapusty, Peter Wade.

**Junior Boys**  
100 yard dash—Tom Aman, Terry Verner, John Rutherford; 220 yards—Tom Aman, Terry Verner; 440 yards—Terry Verner, Fred Nelles, LeRoy Rymal; high jump—Tom Aman, Harold broadjump—Tom Aman, Harold Lacy, William Fulton; running Lacy, Rudy Wynanski; hop, step, jump—Terry Verner, Richard Tickner, Fred Nelles; shot put—Tom Aman, Rudy Wynanski, Bob Ellis; rugby ball throw—Richard Tickner, Harold Lacy, Donald Wicharuk.

**Senior Girls**  
Softball distance throw—Ruth Clark, Joyce Dillon, Janice Cornwell; volley ball punt—Ruth Clark, Joyce Dillon, Janice Cornwell; running broad jump—Joyce Dillon, Patricia Harrison, Ruth Clark; high jump—Ruth Clark, Joyce Dillon, Janice Cornwell; 50 yard dash—Patricia Harrison, Janice Cornwell, Joyce Dillon; 74 yard dash—Patricia Harrison, Janice Cornwell, Joyce Dillon; softball throw and catch—Ruth Clark and Joyce Dillon, Patricia Harrison and Margaret Guthmann, Janice Cornwell and P. Harrison; three-legged race, Janice Cornwell and Ruth Clark, Joyce Dillon and Carol Baxter, Shirley Anderson and Evelyn Griffith, intermediate softball distance throw—Elizabeth Tausky, Elaine Jones, Diane Kemp; volley ball punt—Frances Striffler, Elaine Jones, Barbara Mason; running broad jump—Ann Terry, Donna Marsh, Elaine Jones; high jump—Ann Terry, Elizabeth Tausky, Elaine Jones; 50 yard dash—Doreen Johnson, Elaine Jones, Ann Terry; 75 yard dash—Doreen Johnson, Elaine Jones, Ann Terry; softball throw and catch—Cairine Shantz and Doreen Johnson, Fran-

ces Striffler and Elizabeth Tausky, and Donna Marsh and Ann Terry; three-legged race—Donna Marsh, Cairine Shantz, Ann Terry and Doreen Johnson, Elaine Jones and Kathleen Kerekes.

**Junior Girls**  
Softball distance throw—Barbara Hunter, Maxine Jones, Ila Havens; volley ball punt—Mary Sopo, Sandra Rogers, Ila Havens; running broad jump—Barbara Shaw, Patsy Henley, Olive Clark; high jump—Olive Clark, Dorothy Pyndyk, Margaret Hogan; 50 yard dash—Patsy Henley, Catherine Cole, Judy Baxter; 75 yard dash—Patsy Henley, Catherine Cole, Barbara Shaw; softball throw and catch—Olive Clark and Margaret Hogan, Sally Mills and Mary Lou Marlow, Maxine Jones and Patsy Henley; three-legged race—Margaret Hogan and Catherine Cole, Sally Mills and Mary Lou Marlow, Barbara Hunter and Ila Havens. As some of the events were not held yesterday the list of champions is not complete but will be known in a few days.

## G.H.S. JUNIORS START SEASON WITH A WIN

Grimsby Juniors commenced their football season with a seven to one win over Ridley College, the game played on the G.H.S. gridiron last Friday, following the field day competitions. Both teams came up with some good plays, but also a definite lack of sure ball-handling. Grimsby's major score came when Juras romped around the left end to open the scoring. The concert failed. Walters scored two rouges for the locals seven points, while Phillips notched Ridley's lone counter.

Grimsby—Verner, P. Wade, Petrowski, Walters, Kapusty, Lawson, Pelishak, Outhman, Christie, Pogachar, Butkovich, C. Wade, Ellis, Glanville, Fisher, Tuer, Schwab, Ridley Fiftha—Lightbourn, Brook, Hutchinson, Phillips, Fisher, Eauden, Lord, Morris, Banks, Copp, Lewis, Hale, Sangster, Greenleaf, Doolittle, Wallace, Kenay, Pincumb, Paton, Bassett, Inch.

## CARLING'S CONSERVATION CORNER

IF YOU FOUND THE BASS FISHING POOR THIS YEAR IT MAY BE THAT SOMEBODY STARTED FISHING FOR THEM BEFORE THE SEASON OPENED. THE MALE BASS PROTECTS THE NEWLY LAID EGGS IN THE SPRING FROM OTHER FISH.

BY GOLLY I'M GETTING OUT OF HERE!!  
ME TOO. HE MUST BE THE POPPA BASS. HE'S SO FEROCIOUS LOOKING!!

DURING THIS PERIOD HE SNAPS AT ANYTHING THAT APPROACHES THE NEST INCLUDING BAIT WHICH HE DOES NOT WANT.

WHEN THE MALE BASS ARE REMOVED THE ENEMY FISH SUCH AS PIKE, SUCKERS AND CATFISH ROB THE NESTS DESTROYING THOUSANDS OF EGGS.

BASS EGGS, EH? LOVELY, LOVELY!!

BOTH THE LARGE-MOUTHED AND SMALL-MOUTHED BLACK BASS NEED YOUR PROTECTION—NO TRUE SPORTSMAN WILL TAKE BASS BEFORE THE SEASON OPENS.

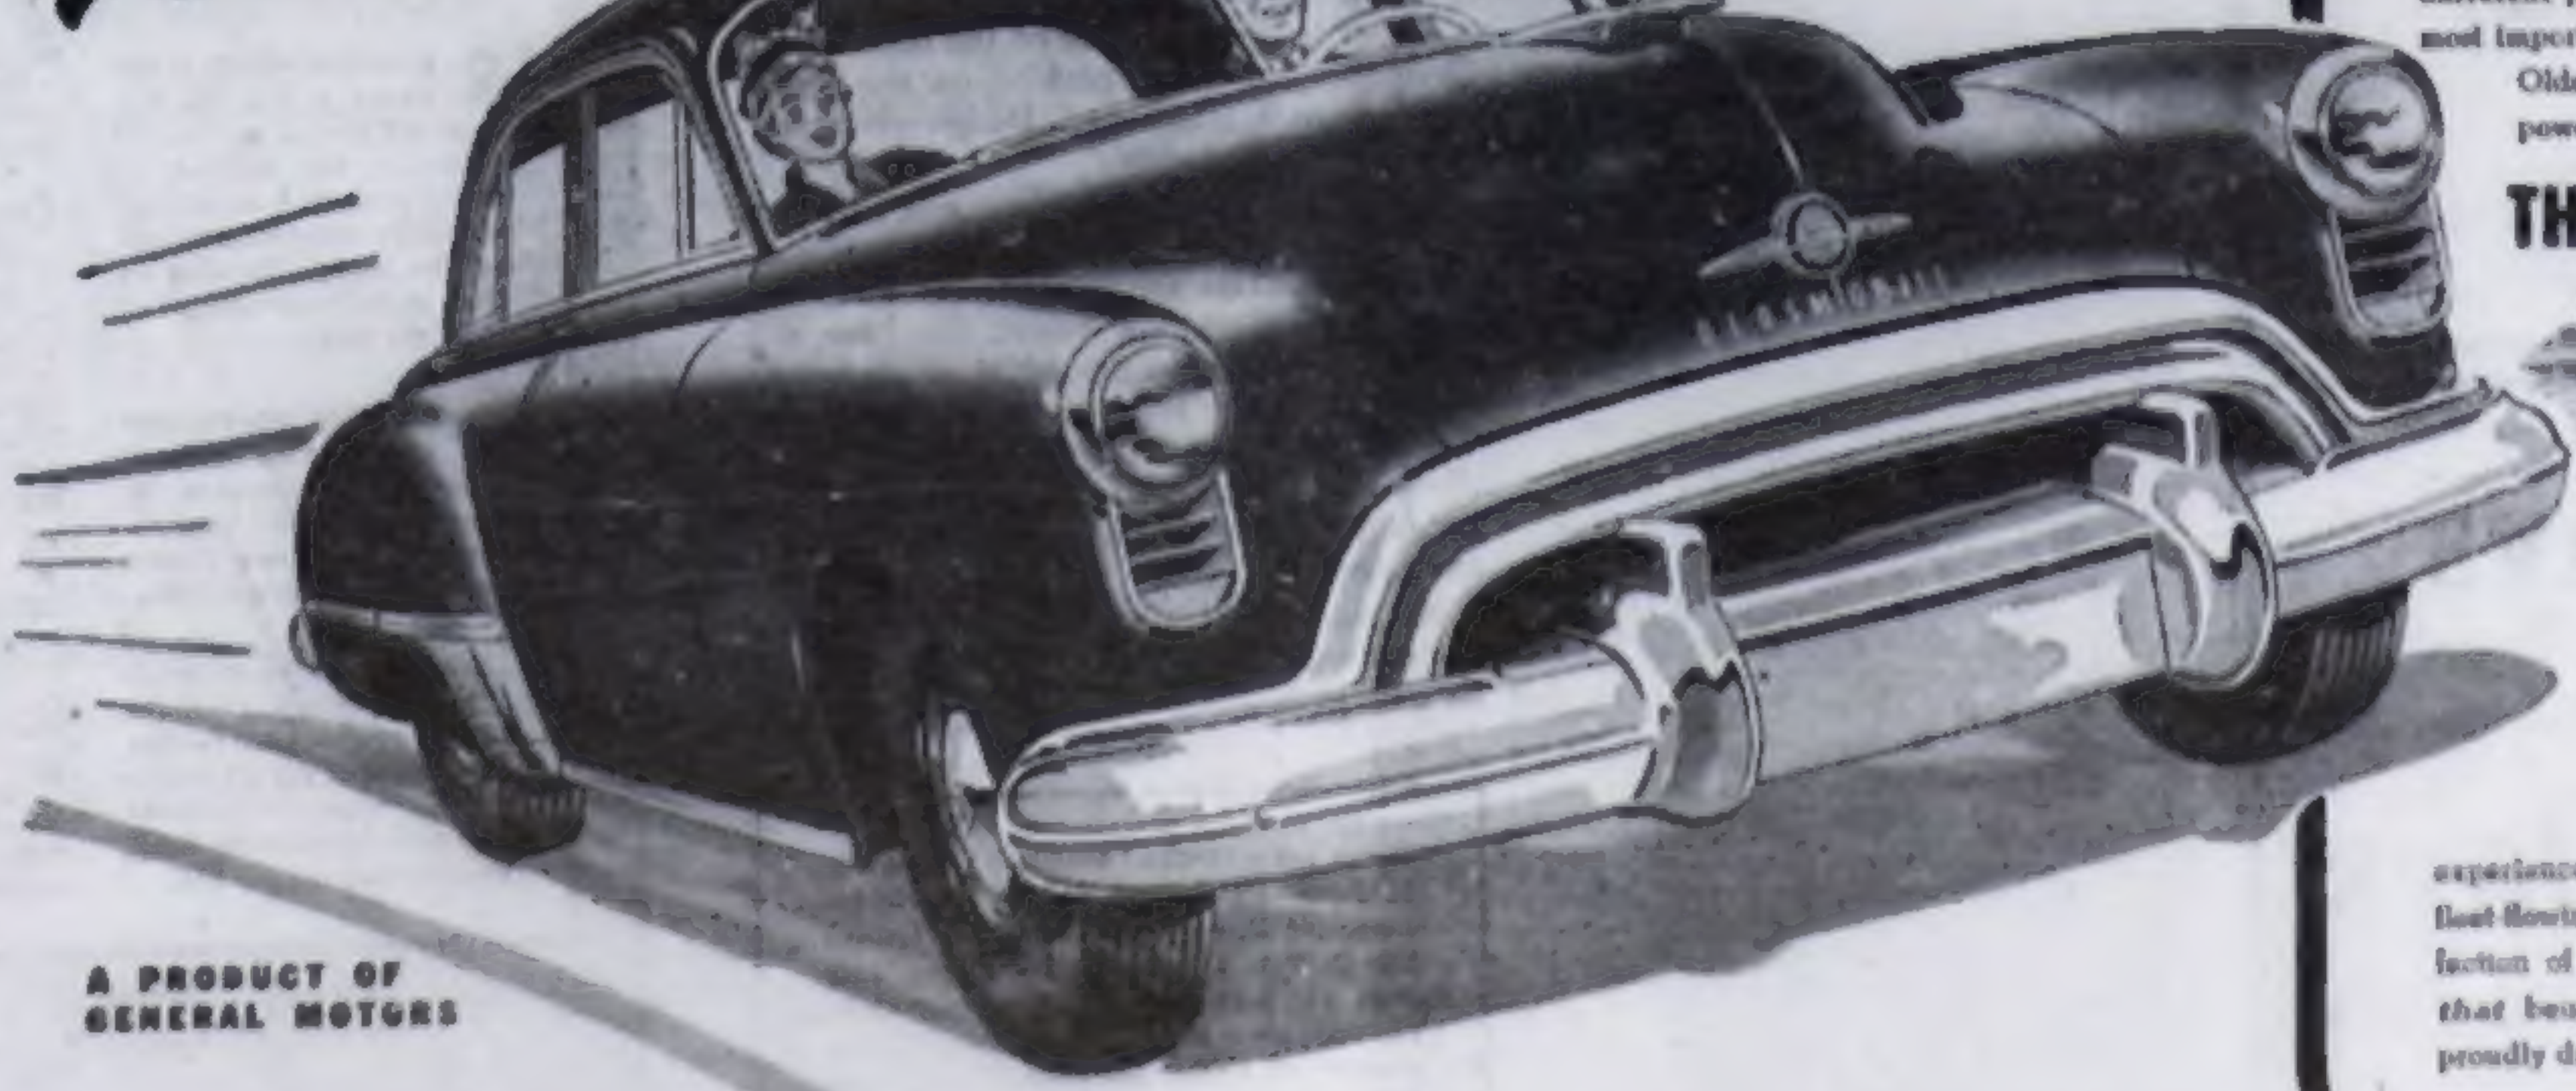

Next spring remember the importance of observing the closed seasons for game fish—there's a reason for them. By fishing only during the open season you will help to keep nature in balance.

Nature Unspoiled—YOURS TO ENJOY—YOURS TO PROTECT

ENJOY THE THRILL OF DRIVING

"The New Thrill!"

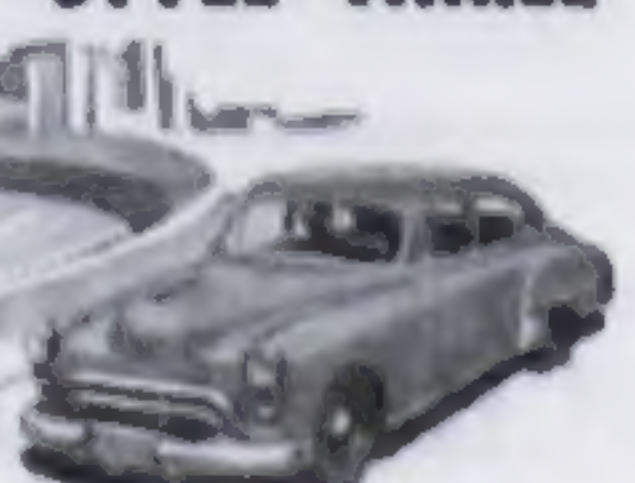

A PRODUCT OF GENERAL MOTORS

THE "RIDE THRILL"

Everywhere they're saying, "How's it done—how can a car ride so smoothly?" We can tell you part of the secret is in Oldsmobile's Rigid X-member Frame, cushioned on great deep coil springs at every corner... its needle-bearing universal joints and double-acting shock absorbers. But most important of all, there's the miracle-smooth power of Oldsmobile's new Big Six Engine, now even more powerful and smooth than ever before!

THE "STYLE THRILL"

You don't have to own an Oldsmobile to enjoy this thrill! Just to watch the lovely profile of a Futuramic Beauty roll by on the road will give you a lift. But only the owner can experience all of Oldsmobile's "Style Thrill"... not just that fast flowing first-glance smartness, but the painstaking perfection of every last detail, outside and in. You'll enjoy that beauty more and more through all the years you proudly drive your Futuramic Oldsmobile!

## SPORTRAYAL

By "HIGH" MCGREGOR

Is no news good news? That is a highly problematical question when applied to the hockey picture for this coming winter here in Grimsby. Whether or not Pop McVicar and Peach King President Harold Harris knew just what is cooking, is something we cannot answer. The boys are not talking.

If players for the Senior B Peach Kings of 1948-49 have been lined up, McVicar has, to date kept extremely quiet concerning their names and qualifications. However we were assured some three weeks ago that Grimsby would definitely be entered in Senior B hockey, and that's good enough for now. It has to be.

Denny Lesson, the Peach King's sensational young goalie of last year's campaign has left for a Cleveland farm team. His many fans will wish him well, although with a bit of regret at the thought of not seeing the capable Denny back between the uprights for the Kings.

We hear on good authority that the brains of the Brantford team is working overtime signing players for the Senior B squad of the Bell City. Deprived of a championship last year, the Brantford front office is going to great lengths to ice a team that is hoped will squelch little mutts like the Peach Kings. There's no harm in trying gentlemen...

George Marr, Manager of Arena, estimates that it will be early November before the annual transformation of the local arena will commence. The grading and packing of pease continues throughout October, and officials also must bear in mind the Halloween Parade, before considering the first shoot of ice.

It's hats off to Jack Scott, senior student at Grimsby High, who captured seven firsts at the annual field day last Friday. Jack won every event he entered, and naturally won the senior championship.

While we're teasing out the orchids, here's another to hunky Jimmy Lawson, an intermediate competitor who set a new school record in the football throw. Jim heaved the pigskin 138 feet 6 inches, to better the mark set by George Kapusty last year. Kapusty's distance was eleven feet shorter than Lawson's.

While on the subject of football, Frank Pustko's Junior squad defeated Ridley College by a 7-1 count last Friday, the game being the first for many of the kids on the team. Showing a definite weakness on the left side of the line, the Juniors still had enough stuff to better the sporting Ridley chaps, and learned plenty from the fray.

BIG GAME HUNTER  
AND VETERAN, TOO

Thirteen-year-old Elaine Mues-smith, of Dayton, Ohio, is shown in her New York hotel room looking over her collection of firearms. Elaine, here with her dad, has already participated in two big-game hunts in Africa and is now making plans for her third expedition, scheduled for next February.

The Juniors will have to improve if they hope to make a good showing in the C. O. S. S. A. loop which starts today at Saltfleet. The Wentworth school boasts a line far heavier than Grimsby's, but Pustko is confident of the talents of his lighter but fast and tricky backfield. Time will tell.

The Juniors play host to Burlington next Tuesday, and certainly could use the support of fans in this area.

THERE'S LITTLE GLORY  
IN GOAL TENDING

(By The Canadian Press)  
There's a shortage of good goalkeepers in hockey. The opinion of a coach: "The kids of to-day don't want to take punishment."

Alfie Moore, coach of Galt Juniors, farm club of Chicago Black Hawks of the National Hockey League adds:

"That's why there's a shortage of goalkeepers... they want to play up front. They see the scoring records, hear about feats of the forwards and they all want to be a Max Bentley."

His assertion started something.

From George Hainsworth, former star with the Toronto Maple Leafs, comes word that to-day's style makes it more hazardous around the nets.

"They'd rather shoot the puck than stop it," said Hainsworth, now an alderman at Kitchener, Ont.

Then Dr. Joseph Sullivan, famed goalie of Toronto Varsity Grads, winners of three Olympic and Allan Cup in 1938, chimed in.

"The way they (the players) slam and push in on the goalkeep-

GOALIE HIT BY PUCK  
LOSES RIGHT EYE

BAZ BASTIEN

Goalkeeper Baz Bastien of Pittsburgh Hornets, lost sight of his right eye after he was struck by a puck during a practice session at Welland, Ont. Removal of his eye meant end of his long and brilliant hockey career. Bastien was hit on a long shot from the blueline by Don Clark, formerly of St. Louis and Springfield, who was working out with Hornets while seeking a berth with Toronto Marlboro seniors.

er-to-day, he doesn't get a chance to develop the art and science as exemplified by the great Vesina."

But goalkeeper shortage or otherwise, the National Hockey League gets under way October 12 when Boston Bruins meet Detroit Red Wings at Detroit.

## You Save Money with the DODGE L-Head Engine... A PART OF DODGE DEPENDABILITY

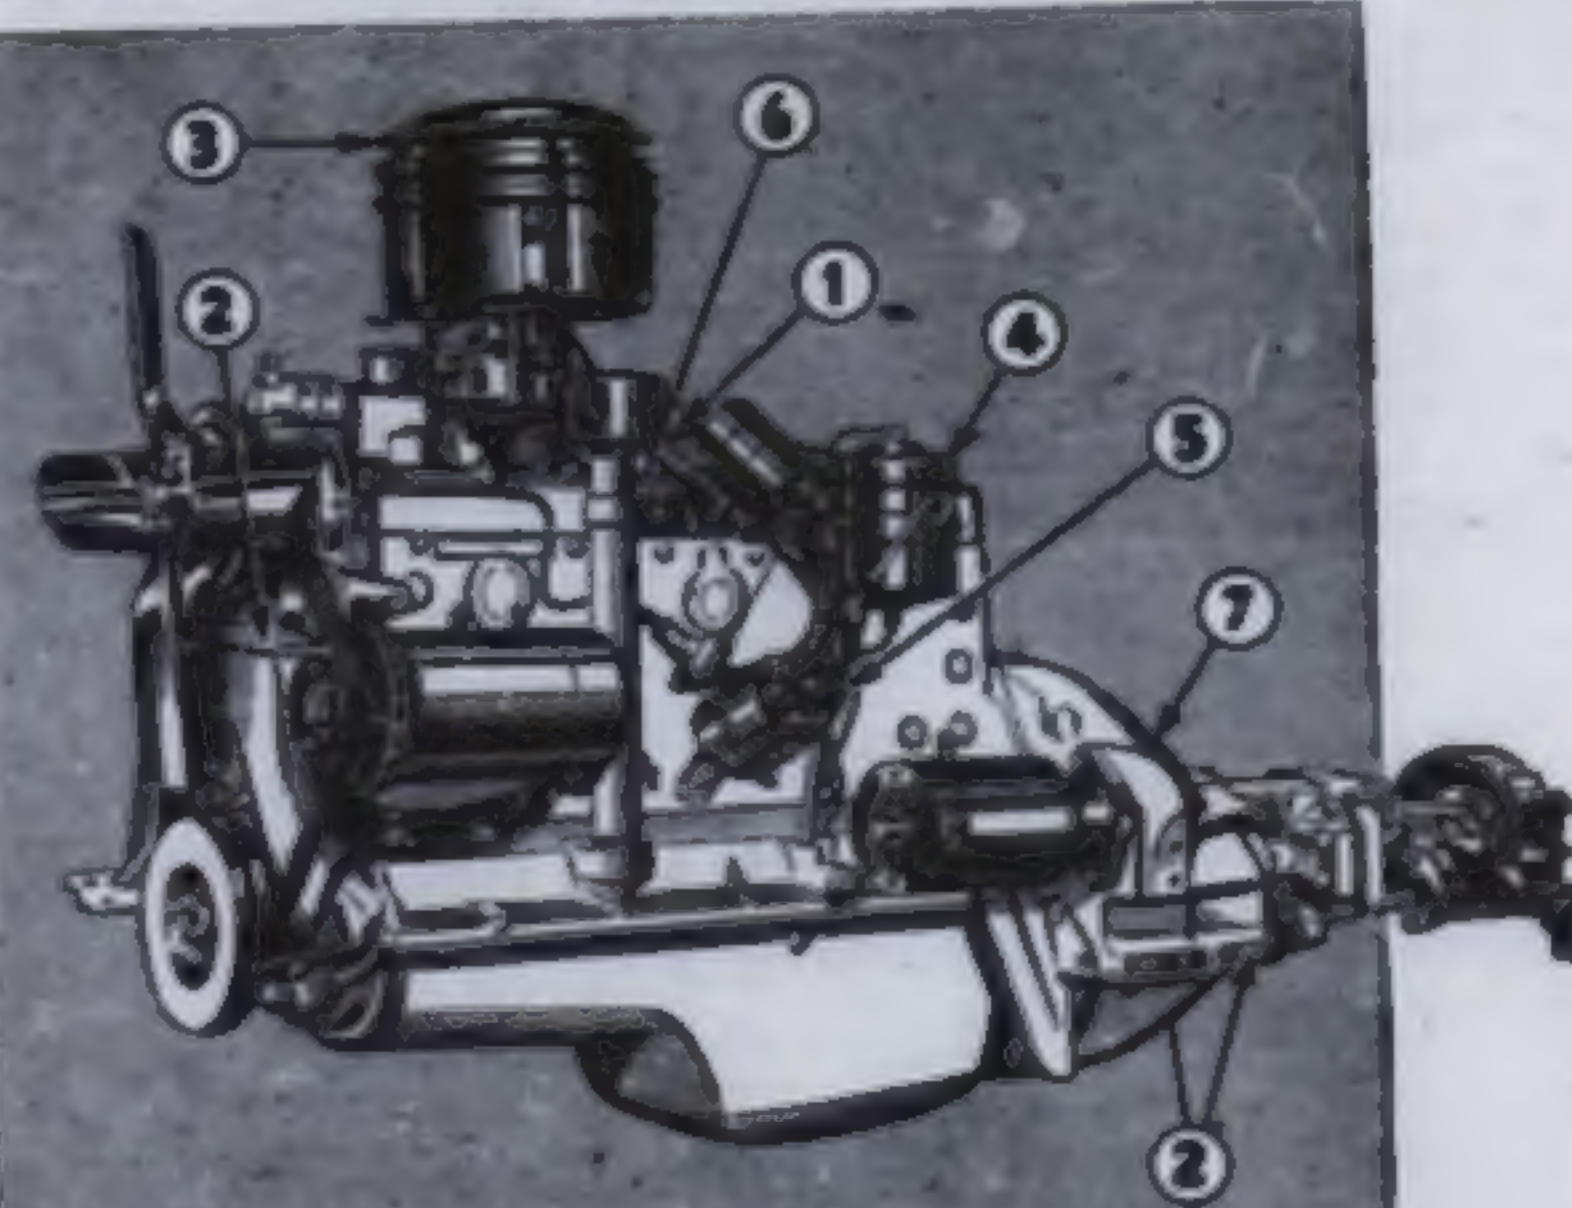

YOU SAVE MONEY every mile you drive with the Dodge simple-design L-Head engine. There are fewer moving parts to wear. Oil filter, floating oil intake, and air cleaners keep carbon and dirt from moving parts to reduce wear. Such "extra" features as four rings per piston, full length water jackets, lightweight alloy pistons and alloy exhaust valve seat inserts, result in savings on gas, oil, and repairs.

Other leading features of the economical Dodge engine are explained on the right. But in many other ways Dodge gives you more for your money.

You could pay much more, and still not get all of Dodge roominess, beauty and ruggedness. Test for yourself the generous head, leg, and elbow room. Compare the "outlook" through the high, wide windshield. Note how easy it is to get in and out. Try out the new Dodge on the road and discover for yourself its flashing performance, driving ease, safety, and riding smoothness.

No matter which way you look at it, your dollars will go further with Dodge... and so will you.

CHECK THESE "EXTRA" FEATURES WHICH ARE STANDARD EQUIPMENT ON THE NEW DODGE:  
Automatic clutch shifter; Automatic ignition key starting; Aluminum alloy pistons; Four rings per piston; Low pressure front; Chain camshaft drive; Oil bath air cleaner; Oil filter; Floating oil intake; Hotchkiss drive; Safety-Rim wheels; Floating Power engine mounting; Chain-height seat; Full-width defroster vents.

1 L-HEAD OPERATION is quieter, as all moving parts are inside the block. Fewer parts to wear or work loose means longer life. Simple construction allows easy maintenance.

2 FLOATING POWER is the same given to the scientific Dodge method of mounting the engine on the chassis so that engine vibration is not transmitted to the body. Results in smooth, quiet operation and long car life.

3 OIL BATH AIR CLEANER filters the air before it enters the carburetor. By keeping dust out of the engine, it cuts down repairs and lengthens engine life.

4 THE METHOD of micronic type, filters even the smallest particles of carbon or dirt out of the oil and so reduces wear on bearings and cylinder walls for long, trouble-free engine life.

5 WEATHERPROOF IGNITION SYSTEM gives maximum protection against water and dirt for dependable all-weather operation. Distributor has a new splash-proof cap. Centre distributor brush has a 10,000 ohm carbon suppressor which allows a wider spark gap setting for better idling and low-speed performance.

6 AUTOMATIC CHOKE. The choke enriches the mixture by automatically reducing the proportion of air drawn through the carburetor during warm-up, to provide easy starting under all weather conditions. Saves fuel by preventing too rich an operating mixture.

7 FLUID DRIVE on Custom Dodge models lets you drive, relax, in high gear most of the time. It is particularly effective on wet pavement, ice or mud, allowing smooth transfer of power without stalling. The Custom Dodge is called the lowest-priced car in Canada with Fluid Drive as standard equipment.

## FAMILY FACES WINTER IN TENT

Canada's housing problem has reached the ultimate for the Killen family of Trafalgar Township. Unable to find a house for themselves and their five children, David Killen and his wife have put up a tent near the highway. They have no conveniences, walk a quarter-mile for water. Temperatures at night have gone as low as 40 degrees. So far township officials have done nothing to provide the family with housing.

into Grimsby territory. Eugene Brotsell was perhaps the best man on the Grimsby squad. Ridley notched their first major in the last minute of the first half, and later on pulled two sleepers in a row that caught the locals flat-footed. One of these resulted in a major score.

Citizenship and Patriotism—A. A. Constable.

### Civic Improvement and Community Betterment—Chairman, W. Hewson; Vice-Chairman—E. W. Helms.

Sight Conservation and Blind—E. Gurnham.  
Health and Welfare—J. G. Walker.

### Safety—Harold Harris. Education—D. O. Aude.

### Attendance Awards

As is the custom at the first meeting of the fall season, perfect attendance awards are handed out, and this year was no exception. Roy H. St. John was honored with the presentation of a ten year pin for perfect attendance, while four Lions received their five year pins for perfect attendance. They were: Lorne R. C. Bourne, C. D. Milyard, Russell Terry and D. C. Thomson.

### Net So Quiet Please

Guest speaker for the meeting was Mr. J. F. Renner, attorney at law, practicing in Hamilton, where he is most active in community work, holding down the secretary's position of the Hamilton Jaycees, and also secretary of the Hamilton Canadian Club.

Mr. Renner is extremely well versed on Canada, and especially its historic past. His address, based on the lack of knowledge the average Canadian has of this great country was of special interest to Lions, and the speaker held the rapt attention of his audience, as he endorsed the "broadcasting of the potentialities and great historic background of this Dominion."

He deplored the lack of knowledge other countries have of Canada, and put most of the blame on the Canadian people, a great percentage of which have a very limited knowledge themselves of Canada. As past, present and future.

Making reference to a recent poll taken across the Dominion, the speaker stated that 68% of the Canadians who were asked the name of the first prime minister, were unable to answer correctly.

Mr. Renner concluded by endorsing a program of broadcasting to all visitors to Canada, the great past of this young nation, its national heroes and heroines, its many historical sites and documents. First of all, Canadians will have to become better acquainted with these facts, before they can adopt a "not so quiet attitude" and promote Canada to all who visit here.

St. Elizabeth was the mother of John the Baptist.

China's Great Wall is 1500 miles long.

Copernicus, the famous astronomer, was a Pole. His real name was Koppernigk.

## TRUMPET STAR COMING TO BEAMSVILLE DANCE

Bobby Gimby, twenty-seven year old trumpet virtuoso and his twelve piece orchestra make their first appearance at the Community Hall in Beamsville tomorrow night.

Bobby, former veteran of the famed Mart Kenny organization, formed his own orchestra in 1943 and with Bobby's shrewd sense of tempo developed in over twelve years of trumpet playing. His impeccably conceived arrangements are not only easy on the ears but add up to some of the finest dance music available on the music market today.

Dancers and listeners alike at the Community Hall will be pleased by the varied program of the Gimby orchestra—from the arresting treatments of the current popular songs to the colourful stylings of yesterday's hits, plus Bobby's own inimitable trumpet renditions of such favorites as Ciriablin, Sugar Blues, Hot Lips and many others.

Familiar for the past few years to radio listeners from coast to coast for his trumpet solos and ad libbing on the popular Happy Gang show, hoytch Bobby Gimby is fast becoming one of the nation's top band leaders.

## THE CORPORATION OF THE COUNTY OF LINCOLN

### NOTICE

OF THE EXPROPRIATION OF LAND IN THE TOWNSHIP OF NORTH GRIMSBY

TAKE NOTICE that the Corporation of the County of Lincoln has expropriated and taken certain lands for the purpose of widening, improving and altering Highway No. 4-11 of the County Road System of the County of Lincoln, said lands being in the Township of North Grimsby, in the County of Lincoln and Province of Ontario, and being composed of part of Lot 11 in Concession 1 in the said Township of North Grimsby, and which may be more particularly described as follows: COMMENCING at a point in the Northern boundary of the Ridge Road distant therein westerly 204.4 feet from the road allowance between Lots 10 and 11; THENCE South 42 degrees and 58 minutes West, 521 feet to a point in the Western boundary of the present travelled road which said point is place of beginning of herein described property; THENCE North 23 degrees and 40 minutes West, 224 feet to a point in the Western boundary of the present travelled road; THENCE South 44 degrees and 44 minutes East to an angle therein; THENCE South 11 degrees and 23 minutes West continuing in the said boundary, 13.0 feet to an angle therein; THENCE South 0 degrees and 42 minutes East continuing in the said boundary, 21.6 feet to an angle therein; THENCE South 13 degrees and 48 minutes East continuing in the said boundary, 33.4 feet or less to the place of beginning. Containing by admeasurement, 0.44 Acres more or less; which lands were owned by Bertha Gay Pickett.

AND FURTHER TAKE NOTICE that a plan and description of the said lands were registered in the Registry Office for the Registry Division of the County of Lincoln on the 13th day of September, A.D. 1948, as Highway Plan No. 365.

AND FURTHER TAKE NOTICE that every person having any claim in compensation must file the same in the office of the Clerk and Treasurer of the County of Lincoln at the Court House in the City of St. Catharines in the County of Lincoln within six months after the date of the registration of the plan and description aforesaid.

AND FURTHER TAKE NOTICE that this Notice is given in accordance with the provisions of Section 21 of The Highway Improvement Act, R.S.O. 1937, Chapter 46, and Section 23 and 24 of The Public Works Act, R.S.O. 1937, Chapter 44, and unless the claim and particulars thereof have been filed at the Office of the Clerk and Treasurer of the Corporation of the County of Lincoln as aforesaid, within six months after the registration of the said plan and description aforesaid, the same shall be referred for determination under the provisions of the said Public Works Act.

DATED this 10th day of September, A.D. 1949.

WILLIAM H. MILLWARD, Clerk & Treasurer, County of Lincoln.

BY: Herman W. Rogers, R.C.C. County Solicitor.

AND FURTHER TAKE NOTICE that a plan and description of the said lands were registered in the Registry Office for the Registry Division of the County of Lincoln on the 13th day of September, A.D. 1948, as Highway Plan No. 365.

**STANDARD Time**

## BREVITIES

### EVENTS and TOPICS of the WEEK in TABLOID . . . . .

Next Monday is Thanksgiving Day.

Next Monday, being a holiday, all places of business in Grimsby will be closed, including the Bank of Commerce and the liquor store. Regular holiday hours will prevail at the Post Office.

E. J. Gordon, Registered Optometrist, who opened an office in Grimsby this summer, is opening a branch office in Beamsville in the jewelry store of H. G. Neal. Mr. Gordon will be in Beamsville every Tuesday.

Agricultural clubs from Lincoln County will join with those from 53 other Ontario counties and districts at the Ontario Agricultural College in Guelph, Friday, October 31st for the annual provincial competitions. Each club such as the Lincoln Calf Club, the Corn Club, etc., is eligible to send a team of two members that have not previously competed in the

same project. Team members—either boys or girls must be over 16 and under 20 years of age.

There won't be as many canned cherries on store shelves this winter—but a lot more cherries were processed in other ways during the season. A preliminary bureau of statistics report showed Friday a pack of 424,566 down cans, compared with 571,277 down cans last year.

Harold Whyte, nephew of Hugh K. and Mrs. Whyte has been taken on staff of the The Toronto Telegram as a photographer. Harold started his newspaper photography career doing freelance work for The Independent, and continued photographic work as a sideline while attending Ridley College. During the past summer he was on the staff of the St. Catharines Standard.

### FIRE CHIEF WARNS

It won't be long before the majority of householders begin to fire up their furnaces—especially if the decidedly cooler weather persists. Fire Chief Alf Le Page warned on Wednesday morning that noisy fires would be avoided if homeowners would first check up on the condition of their heating equipment and clean out sooty chimneys.

### PLOWMEN TO BURFORD

Two plowmen have been chosen to represent Lincoln County at the inter-county plowing match in Burford, Friday, Oct. 14. The two selected winners of a plowing demonstration last week, are Victor Book, of Smithville and William Robbins of R. R. 1, St. Catharines. Victor has been in the competitions twice before and is recognized as a very good plowman. The match is to be held on the last day of the international plowing meet.

### GROWING COTTON?

If the Niagara Peninsula gets warm weather for another month, there will be proof that cotton can be grown in this area. A Niagara Falls man, J. J. Barnes, 913 Huron Street had some cotton seeds sent up from Alabama in May, and planted them in his yard. Now they are pushing through full flower and showing signs of cotton bolls.

### WINNERS ANNOUNCED

Three recent winners of the Star Cleaners lucky draw have been announced by John Cimba, they are: Mr. Morris, Lake St., Grimsby, Mrs. M. S. Nelles, Main E., Grimsby.

Miss D. MacRobbie, Main E., Grimsby.

The draw will continue until further notice, the weekly winner being picked each Saturday at the Star Cleaners store on Main E.

### LEGION JOTTINGS

WEST LINCOLN, BRANCH, No. 127

This is an extract from the Ottawa Journal. "The Canadian Legion commands the respect and confidence of the public because it never has let itself become a 'pressure group,' because it has kept out of politics, because in the main it has proved itself sane and moderate." This is as others see us.

It is believed that the British Government is going to make an adjustment to pensions, due to devaluation, to those Imperial pensioners living in this country.

In just about one month we will have "Poppy Day" with us again. It is hoped that this year it will be still more successful than last. It is urgent that we build up as strong a fund as possible as the heavy call will not reach its high for a few years yet. It is expected that hospitalization and care of Veterans will be at a peak in probably fifteen to twenty years.

If any member of the Branch wishes to take "The Legionary", the monthly Journal of the Canadian Legion, just leave your dollar, name and address with Comrade Blake Marlow at Constable's new store, 1 Main Street. No one can understand or appreciate the work and ramifications of the Legion, unless they read "The Legionary."

The next Provincial Imperial Convention of the Imperial Division of the Canadian Legion will be held at the Earlscourt Branch, No. 65, 6A Greenlaw Avenue, Toronto, on October 23rd, commencing at 1 p.m.

Branch No. 41, St. Thomas, has issued an invitation to dart players to attend their Dart Tournament at their Club on Saturday, October 22. Particulars posted on the Club Notice Board.

By GORD McCREGOR

**Current Events**—The active little group known as the Jaycees are currently making with great plans for their Autumn Frolic . . . or Fall Dance whichever you prefer. Bruce Anthony, rated as the best band in the Niagara District, has been signed for the hop which is scheduled for the High School auditorium, Friday, October 21. Now all this is pretty much like an advertisement, but in view of the fact that the Jaycees hope to make a financial success of this event, and with the excess between erect signs along the Main street, well, that should be sufficient. If past efforts stand as any criterion, then this Frolic should indeed be well worth your while. Don't forget the date . . . Friday, October 21.

**The Blast**—Just like the fall winds now commencing to whip the leaves along the streets, comes a withering criticism of the columns of two weeks ago, when we referred to the various makes of English cars as "nervous machines." Several owners of these "machines" pointed out how unfair we were toward their vehicles, and go so far as to state that they are much more efficient than the Canadian models. . . . Well, that is to say, those who like plenty of room to move around in. Not that the English cars are not spacious, they are, and if I ever marry and raise a family of midgets, I shall most certainly consider the purchasing of one of the dinky little trinkets. Of course this devaluation stuff has sure made them a bit more attractive too. . . . Friend Joe Gross has recently taken the agency for Morris Minors, and truthfully the Minor is a very neat little effort, and certainly does have many features worthy of our consideration. And I must admit that even at six foot three. . . I still can sit in behind the wheel in comparative comfort.

**Amusing Confusion**—Singing "I didn't Know What Time It Was" with lust and vigor, three good people arrived at a Beamsville Church an hour early on Sunday morning. We report this as mere routine simply because it always seems to happen. Beamsville people turned their clocks back an hour last Sat. and while they satisfied many people who were concerned directly or indirectly with St. Kima, who are on Standard, it added confusion to others who happen to work to the west of the Village. No hum! It is so hard to be different these days.

**Mother's Love**—A woman whose face clearly displayed years of hard work . . . and worry, sat across from the reporter, and hotly defended the actions of her eighteen year old son, who had, a day previous, been sentenced to thirty days in the County Jail. It was quite apparent that the woman was most annoyed at the manner in which one paper had handled the conviction. Through it all she defended her son, stating continually that, "he was not to blame."

She told a sordid story of a broken home due to a husband's craving for alcohol. How she was separated from her husband, and her son. Her problem is a great one, and one that is very difficult

to find a solution for. Perhaps she is right, the boy is not to blame. Perhaps too, he will discover himself, something more to live for . . . other than a telephone call to inform her that her son is in trouble again. It would be indeed pleasant to see a happy ending to this story.

**GOSH!** What's going to happen to the Kieffer pear crop?

**COLLY!** LOOK WHA' HAPPENED TO THE ELBERTA PEACHES!

**GEEWIE FARM FOR SALE** AFTERMATH: It will take more than kind remarks from the House of Commons on the quality of Grimsby peaches to satisfy the appetites of the fruit growers' kids.

Monday is Thanksgiving. I guess it might be a little tough for some of us to find anything to be thankful for. We are a pretty critical lot, we Canadians, but if we just look around us, we can be thankful for lots of little things, like a real friend for instance. Boy, you just can't do without 'em. Did 'ja ever try? And there are lots of other things to be thankful for too . . . we're not starving to death, and we can do pretty well as we please in this country; vote, go to church, work for yourself and not the state. Yep, I guess we can be thankful this Monday when Pa lowers his head and mumbles . . . make us truly thankful, O Lord, Amen.

### STOP MEANS STOP

"I must lay down an arbitrary rule that means stop," said Magistrate Hallett in Court last Friday, as he fined John Stadelmeier of Grimsby \$5 or five days for failing to stop at a stop sign on the corner of Baker's Boulevard and the Queen Elizabeth Way.

Stadelmeier stated that he did not come to a complete stop, because he saw no cars coming in either direction, "I knew I had to stop coming onto the Queen," he admitted.

**MOTORCYCLE CRASHES POOR LITTLE AUSTIN**

A father and son were the victims of an accident on the Q. E. Way and Murray Street at Grimsby Sunday afternoon. Both were sent to hospital in the city ambulance when their motor bike struck an automobile, pitching them onto the boulevard.

Margaret E. Dixon, of 48 McGill St., Hamilton, was driving her new Austin car slowly along the Q. E. Way when it hit the motorcycle hit her car on the left hand side. The two motorbike riders were thrown 75 feet along the boulevard, and severely injured.

Arnold J. Austin, 44, of R. R. 1, St. Catharines, and his son, Donald, 17, were the injured persons. Mr. Austin suffered a fractured collarbone, cut left leg, possible fractured ankle, and bruises. Donald received a fractured left arm, brush burns to his right leg, and bruises.

Provincial Constable Ted Swain, who investigated the crash, estimated the damage to the motorcycle at \$250, and car damage at \$150.

Except for unforeseen difficulties, there is no doubt that 1949 motor car production will top everything, even last year's record 264,000 units, says The Financial Post. Latest figures show that at the end of May, despite shutdowns by General Motors and Chrysler for major changeover earlier in the year, production was 5,000 over last year's. At this accelerated pace, 1949 output should exceed 1948 by a wide margin.

76 Main W. — Sales with Service — Phone 340

**COFFEE** must be fresh to yield its utmost in flavour.

**"SALADA" COFFEE**

is as fresh as the day it was packed when you break the seal on the lid.
